GENERAL

Proceedings of the Government of Mysore,

READ—

Letter No. 4163, dated 30th July 1901, from the Chief Engineer of Mysore.

With reference to para IV of the Resolution of Government of India No. 224-40, dated the 25th January 1901, as regards the concession therein granted to Officers, permitting them to take privilege leave to the extent due, in combination with any other leave, I have the honor to enquire if there is any prospect of the above ruling being extended to Mysore.

Resolution No. 224-40, dated 25th January 1901, of the Government of India, Home Department.

MEASURES TO REDUCE THE FREQUENCY OF TRANSFERS OF CIVIL OFFICERS.

READ—

Despatch to the Secretary of State, No. 64, dated the 25th October 1900.

Despatch from the Secretary of State, No. 6, dated the 4th January 1901.

RESOLUTION.—The Governor General in Council has had for some time under his consideration the question of the frequent transfer from one charge to another of officers employed in the different branches of the Civil Administration. The extent to which the members of the different Civil Departments have been transferred in recent years is universally recognised to be detrimental to the proper discharge of public duties in every branch of the administration. The evil effects of frequent transfers are, however, especially manifest in the case of the Chief Civil Officer of the district, who is the direct representative of the Government in the eye of the community. Continuity in the charge is most essential to the proper administration of a district in India, since a district officer's influence must in the main depend upon the extent to which he is known and trusted by the people.

2. It is an inherent condition of the different services in India that transfers of officers should be more frequent than is desirable in the interests of the administration. The number of European officers in the administrative services is limited to strict working requirements. Every time that leave is given, on every occasion on which a promotion is made, and in every instance in which an officer retires, a vacancy is created. It is impossible, therefore, to prevent transfers; the utmost that can be done is to reduce their frequency as much as possible.

The question of such a reduction does not come before the Government of India for the first time. It was the subject of correspondence between the Secretary of State and Lord Ripon's Government in 1882. It had been asserted that the change in the Furlough Rules of 1868, whereby officers absent on leave retain a lien on their appointments, had resulted in a largely increased number of acting appointments, and in frequent transfers or changes in the *personnel* of the administrative staff, to the detriment of the public interest. The Government of India made an inquiry from the Local Governments and Administrations as to whether the change in the rules had caused practical inconvenience. The replies to this inquiry disclosed a very general opinion among the local authorities that the supposed effect of the rule in question had been much exaggerated and misunderstood, and that the statistics from the different Provinces did not, when carefully analysed, justify the withdrawal of the rule whereby an officer on furlough retains a lien on his substantive appointment or on a substantive appointment of like character and not less pay. Lord Ripon's Government were nevertheless of opinion that changes among the administrative, and especially among the District staff, had been too frequent in some Provinces. This result appeared to be in some measure due to the Local Governments being too ready to defer to the personal wishes and inclinations of officers returning from leave. The Government of India therefore directed that unless some special circumstances rendered it desirable to replace an acting officer by a returning incumbent, an officer in the regular line of district administration should, on return from furlough, be posted to such actually vacant office as might be suited to his rank and pay, and that in determining where he should be posted, the only consideration which should be allowed to weigh should be the question how his services could best be utilized with the least possible disturbance of existing arrangements. The Local Governments were also directed to pay more attention to regulating the time of an officer's return to duty with reference to the convenience of the public service. Directions upon these two points were issued in the Home Department Resolution No. 33-Public—1343-1354 of 7th September 1882.

3. The Governor General in Council agrees with the decision come to by Lord Ripon's Government regarding the concession made in 1868, but is of opinion that the number of transfers has been greatly increased by the custom which has grown more frequent as communication with Europe has become more rapid, of taking accumulated privilege leave, followed, after a

short interval of duty, by furlough, a practice not contemplated at the time when the Furlough Rules, which were designed to enable officers to visit England at reasonable intervals, and not oftener, were framed. Under Article 891 of the Civil Service Regulations, an officer applying for privilege leave is required to record a declaration that he has no intention of taking leave of any other kind for three months after his return to duty. An officer under the European leave rules, who has accumulated three months' privilege leave, can enjoy it during one hot season, revert to duty during the cold weather, and then apply for furlough in the ensuing hot season. So long as the aggregate number of furloughs is not exceeded, it is difficult to refuse his request except on special grounds, since he has rendered more than the continuous service required under Article 340 of the Civil Service Regulations before furlough can be granted to him. His two periods of leave, which may have commenced within a period of just over six months, involve three changes, a result which is most prejudicial to the proper conduct of any office in the Civil Administration.

4. The Government of India have been in communication with the Local Governments and Administrations and the Secretary of State as to the best means of checking the evils which result from frequent absences due to the enjoyment of leave under these conditions. They are of opinion that the right to accumulate privilege leave as such should be retained, but that, in the interests of the administration, it is essential to put an end to the practice of taking accumulated privilege leave and furlough separately without the interposition of a sufficient interval. The Government of India have therefore determined, with the sanction of the Secretary of State, to require that an officer shall, after return from accumulated privilege leave of over six weeks in duration, render eighteen months' active service between the return to duty and departure on ordinary furlough. As a compensation for the restriction on the present conditions under which leave can be taken, the Governor General in Council has recommended to the Secretary of State, who has approved the proposal, that an officer who has earned privilege leave shall be permitted to take it up to the maximum of three months in combination with any other leave. To this concession will be attached a limitation of the total period of the combined leave, so that it shall not exceed two years when furlough is taken, or six months when special leave is taken, and, on the other hand, that it shall not be less than six months. His Excellency in Council is therefore pleased to announce that, with effect from January 21st, 1901, the date of the receipt of the Secretary of State's sanction, the rules in Chapter XIII (Leave Rules for European services) and XIV (Leave Rules for Indian services) will be modified in respect of all the officers to whom these rules respectively apply, in the following particulars :—

(i) privilege leave to the amount due will be allowed to be taken as privilege leave either (*a*) by itself or (*b*) combined as privilege leave with furlough, leave on medical certificate, special leave, leave on urgent private affairs, and extraordinary leave, the maximum period in each case, for which full salary can be drawn, being three months;

(ii) when privilege leave of over six weeks in duration is taken by itself, an interval of 18 months must elapse between the return to duty and departure on furlough other than furlough on medical certificate;

(iii) the restriction defined in (ii) will not apply to leave on medical certificate, furlough on medical certificate, special leave on urgent private affairs, leave on private affairs, or extraordinary leave;

(iv) when privilege leave is combined with furlough, the amount of the combined leave must not exceed two years;

(v) when privilege leave is combined with special leave on urgent private affairs or with leave on private affairs, the amount of the combined leave must not exceed six months;

(vi) when privilege leave is combined with any other kind of leave, combined leave must be for not less than six months;

(vii) the periods mentioned in (iv), (v) and (vi) will count from the beginning of the privilege leave to the end (under the ordinary rules) of the leave with which it is combined;

(viii) officers to whom privilege leave under the ordinary rules and conditions is inadmissible under Article 306, Civil Service Regulations, will be allowed to combine vacations with long leave (either at the beginning or end thereof) on the same conditions as those on which other officers are allowed to combine privilege leave.

(ix) The rule that privilege leave allowances are not payable out of India will apply in the case of privilege leave combined with other leave.

5. The effect of these changes will be, the Governor General in Council anticipates, to cause a material reduction in the number of transfers, and His Excellency in Council trusts that the manner in which it has been determined to give compensation for the imposition of the restriction on the taking of furlough after the enjoyment of accumulated privilege leave will be appreciated by the members of the different services. The concessions now sanctioned in

regard to privilege leave are of an important character, and the Governor General in Council notifies, that, should it at any time be found undesirable to continue them, they may be withdrawn without claims to compensation being recognized. It is unlikely that the introduction of the new rules will affect many members of the services injuriously, but, should a Local Government or Administration consider that the restriction that furlough may not be taken until the expiry of eighteen months after return to duty will operate with hardship or with inconvenience to the public interests in respect of any particular officer who takes accumulated privilege leave by itself before October 1st, 1901, the Governor General in Council will be prepared to consider a proposal to relax the restriction in the individual case.

6. While the Government of India consider that these changes in the Leave Rules must operate to reduce the number of transfers which at present take place, they are convinced, as Lord Ripon's Government were in 1882, that many unnecessary transfers are caused by the manner in which the rules regarding the grant of leave are worked. The Governor General in Council therefore desires to supplement the announcement regarding the changes in the Leave Rules by directions to the Local Governments and Administrations as to other methods of reducing transfers. The Governor General in Council has already referred to the instructions in the Resolution of 7th September 1882, which have not, His Excellency in Council regrets, been always fully regarded. In accordance with the decision come to in 1882, it was provided in Article 220 (*b*) of the Civil Service Regulations that the Local Government may refuse to grant the full amount of leave applied for in any case, and should, by the exercise of this power, so regulate the date of an officer's return from leave as to cause as little change as possible in administrative arrangements. In the opinion of the Government of India, unnecessary transfers can be reduced if Local Governments and Administrations generally will show less hesitation whenever they anticipate difficulty in providing an officer with a suitable appointment on return from the full amount of leave for which he asks, in requiring him to return after the interval which may best suit the interests of the public service. The provision of the rules that an officer returning from ordinary furlough or special leave retains a lien, not on the actual appointment held by him before departure on leave, but on an appointment of like character and not less pay, and that he retains no lien on an acting appointment (Article 240, Civil Service Regulations), should also be steadily kept in view.

7. The Governor General in Council also considers it essential that Local Governments and Administrations should follow more fully in practice the principle that transfers must not be made to meet the private wishes of officers. The removal of an officer from one charge to another at his own request should only be allowed when it can be made with the certainty that the public interest will not suffer therefrom.

8. Another cause in the opinion of the Government of India of increase in the number of transfers is the rigid and unjustifiable adherence to the principle that every vacancy, for however short a time, must be given to the next senior officer unless he is unfit for promotion. The application of this rule multiplies transfers in several ways. An officer is often brought from a long distance to the exclusion of one on the spot who may be only his junior by a short period of service. Again, the supposed claim of a senior officer holding a less eligible appointment of similar duties to be transferred to a more eligible charge in place of a junior is constantly recognised, with the result that two transfers are made when one only is necessary. A third way in which this practice increases transfers is by the appointment (which is not in accordance with the principle laid down in Article 240, Civil Service Regulations) of an officer to act in a higher appointment on return from leave in place of a competent junior appointed to officiate in that appointment when he himself was absent on leave. The Government of India cannot approve of transfers made in circumstances such as these, and trust that no countenance will be given to them in future.

9. Article 113, Civil Service Regulations, provides that, as a general rule, the duties of an officer absent on privilege leave should be discharged by another officer in the same station, and that the transfer of an officer from another station to act in consequence of the absence of an officer on privilege leave will only be allowed in exceptional cases. This article is constantly disregarded in practice, owing to the difficulty of making adequate local arrangements when the amount of privilege leave taken amounts to three months or nearly three months. As a measure supplementary to the above instructions, the Government of India will amend this article so as to make the requirement as regards the appointment of an officer, who is serving in the same station, to officiate in a vacancy caused by the departure of an officer on privilege leave of not more than six weeks stricter than it is at present. The Governor General in Council is of opinion that, except in the case of offices for which special qualifications are required, such as those of Heads of Departments, the Secretariat and the higher Judicial offices and certain Medical appointments, it should rarely be necessary to appoint an officer to officiate, during a privilege leave vacancy of not more than six weeks, who is not already serving in the same district either at head-quarters or at some sub-divisional outpost. In the case of appointments held by members of the Indian Civil Service or of Commission, if a member of that Service or Commission is not available, an officer of the Provincial Service on the spot can hold charge for

this short period, in accordance with the rules published under Home Department Notification No. 2159, dated the 2nd November 1892. To ensure compliance with this regulation, His Excellency in Council directs that quarterly lists showing and explaining all cases in which the above principle has not been followed in respect of absences on privilege leave of not more than six weeks shall in future, be submitted to the appropriate Department of the Government of India. The Government of India further direct that, when a vacancy is caused by the absence of an officer on privilege leave of more than six weeks, his place should also, if possible, as the rule already provides, be filled by an officer serving in the same district. The Government of India admit that this is not always feasible but it should be done oftener than has hitherto been the case. By these means the Governor General in Council hopes that transfers on account of vacancies due to privilege leave will be substantially reduced, and that it will become a general practice for members of the Indian Civil Service and the better paid officers under the European Service Leave Rules to accumulate their privilege leave and combine it with furlough. By this process the vacancies in important offices should gradually cease to be for less than six months.

1. 2. The replies received by the Government of India to the inquiry made in this Department Circular letter No. 15—21, of the 16th January 1901, show that the consensus of opinion is strongly in favor of the Chaplain being held responsible for the care and preservation of these important records. The Government of India are accordingly pleased to direct that the registers shall in future be placed in the charge of the Chaplain, or, in places where there is no resident Chaplain, in the charge either of the Trustees of the Church, or of the District Magistrate or other local Government official.

3. As regards the fees, I am to explain that the orders of 1868§, under which the fees were assigned to the clerk, were modified in the succeeding year and that this fact escaped notice when‖..... consulted in the letter of 16th January last. Rule X of the rules published with Home Department Notification No. 482, Ecclesiastical, dated the 29th September 1869, provides that the fees thereby prescribed shall be paid to the Chaplain; and neither these rules nor the later rules issued under Notification No. 178, dated the 21st May 1897, contain the provision which appeared in the rules of 1868 that the fees for searching the registers should be assigned to the clerk. In these circumstances the Chaplain is at present entitled to receive the fees in question, and no further orders upon the subject are now necessary. The Government of India, however, accept the proposal which has been made by the Chief Commissioner of the Central Provinces that in cases where, for local reasons, the Church Registers remain in practice in the custody of the District Magistrate or other Government official, the fees for extracts should be devoted to the funds of the Church to which the registers relate. The same procedure should be followed when the registers are in the charge of Trustees.

EDUCATION

Proceedings of the Government of Mysore,

READ—

Letter No. 6670—215, dated 5th February 1902, from the Inspector General of Education in Mysore :—

1. With reference to Government Order No. 8398-9—Ed. 181, dated the 2nd December 1901, directing that the grant from Government in aid of English Classes opened in Village Schools shall be one-third instead of one-half of the cost of the maintenance of these classes, and your docket No. 11089—Ed. 216, dated the 4th January 1902, stating that only schools to be hereafter opened will come under the new rule and not schools already in existence, I have the honor to submit that there does not exist any sufficient ground for making a distinction in the matter of contribution to be paid by the people between existing schools and those which may come into existence hereafter. As the grant from Government is always sanctioned only for a period of one year and is subject to renewal at the end of that period on the people contributing their share of the cost of the school for the following year, the Department is free at the expiry of each year to alter the conditions of the grant-in-aid in such manner as it may consider reasonable. I therefore beg to suggest that the new rule regarding the proportion of the cost of English instruction which the people should bear may be made applicable to old as well as to new schools and equal treatment thus accorded to all schools in regard to Government aid.

2. As regards the question whether there is a real demand for English education in villages, I beg to submit that when the inhabitants of a village come forward to bear two-thirds of the cost of maintaining English classes in the village and actually pay that proportion of the cost before applying for Government aid, they afford the best proof of their desire for having their children taught English. Where this proof is forthcoming I think there need be no apprehension that the aid given by Government is abused. In this connection I beg to point out that in purely Departmental Anglo-Vernacular Schools the fees realised do not cover more than 25% of the expenditure on them, while under the new rule fixing the proportion of the people's contribution at two-thirds of the cost, more than 66 per cent of the cost will be paid by the people voluntarily. This fact may be accepted as a test of the value which they attach to English education and the need they feel of it.

No. 14428-29—ED. 297, DATED BANGALORE, 3RD MARCH 1902.

ORDER THEREON.—Government consider that it would be somewhat hard to impose the new condition at once on the schools which have started English instruction on the expectation of receiving the more liberal grant that was originally sanctioned. But as it would be inconvenient to have different rules for different institutions of the same character, the Inspector General is authorised to use his discretion and withdraw the grants at the present rate after such period as he considers resonable in each individual case.

2. The Inspector General's observations in para 2 of his communication read above have the concurrence of Government. They have no objection to his disposing of each application on its own merits without a reference to Government, provided of course that funds are available. It is, however, hoped that enquiries in a general way will be made in all cases of applications of the kind under advertence concerning the necessity and usefulness of opening such classes, a more detailed investigation being made in cases of doubt.

The following letter No. 6903—224, dated 11th February 1902, from the Inspector General of Education in Mysore.

I have the honor to inform you that Sowcar Padma Setti of Sravanabelagola has constructed at a cost of Rs. 8,000 a large school building containing eight class rooms on a plan approved by the Inspector General and the Deputy Inspector of Hassan, which he proposes to hand over to Government for the accommodation of the Hobli Kannada School, the Aided English School, and the Aided Sanskrit School at Sravanabelagola, on the following conditions:—

(1) That Government will, in future, bear the cost of maintaining the building; (2) that Government will pay the Sowcar a building grant of Rs. 3,000, of which Rs. 750 has been promised by the Sravanabelagola Matt and Rs. 750 has been subscribed by the people; and (3) that Government should restore the building to the donor, his heirs or assigns in case it ceases to be used for the purposes of schools in Sravanabelagola at any future time. The Sowcar promises to hand over Rs. 3,000 back to Government as "Poor Scholars' Fund" for Sravanabelagola as stated in para 3 below.

2. It was my intention to construct a suitable house for the Hobli School at Sravanabelagola, which is a Middle School, at a cost of not less than Rs. 3,000. Towards the cost of this school, Government sanctioned by Order No. 729-31—Muz. F. 17-95, dated the 17th December 1897, in the Muzrai Department, a contribution of Rs. 750 from the funds of the Jain Matt at Sravanabelagola and the people of Sravanabelagola have collected a sum of Rs. 750 by subscriptions, which they are ready to pay to the credit of the Village School Fund. To these two sums it was my intention to propose the addition of a grant of Rs. 1,500 from the Village School Fund for the Hobli School building.

3. If Sowcar Padma Setti's offer is accepted, his house will suffice for the accommodation not only of the Kannada Hobli School but also the English and Sanskrit Aided Schools, and the necessity of constructing a Government building will be obviated. The Sowcar proposes that the intended outlay of Rs. 1,500 from the Village School Fund referred to above, together with the Rs. 750 sanctioned from the Matt funds and the Rs. 750 subscribed by the people, may be formed into a Poor Scholars' Fund for Sravanabelagola. He does not want to receive any portion of the money himself, but requests Government to accept in trust the sum of Rs. 3,000 so formed to be invested in Government of India Paper, the interest alone being used by a Committee to be appointed with the approval of Government, for paying the whole or a portion of the cost of the education of poor boys of Sravanabelagola. The rules of administering the fund will be settled fully later on in consultation with me.

4. Under the above circumstances I recommend that Government may be pleased to sanction Rs. 1,500 from the cash balance to the credit of the Village School Fund together with Rs. 750 already sanctioned by Government from the Matt Funds and Rs. 750 subscribed by the people. From the allotment for buildings in the Village School Fund Budget of the current year, there is no balance available for the above grant of Rs. 1,500. The building is now ready for occupation.

No. 14885-90—Ed. 308, DATED BANGALORE, 10TH MARCH 1902.

ORDER THEREON.—The Inspector General's proposals are approved with this exception that instead of a supplemental grant for the current year, due provision for the building grant of Rs. 1,500 be made in the Village School Fund Budget for 1902-03.

2. A document should be secured from Sowcar Padma Setti in such form as may be approved by the Government Advocate.

3. A scheme for the administration of the Fund should be propounded and a Committee appointed for giving effect to it.

4. The thanks of the Government should be communicated to the Sowcar for his liberal gift.

5. The Muzrai Department will arrange to place the Matt's contribution of Rs. 750 at the disposal of the Inspector General, and the Deputy Commissioner will proceed to recover the contribution of a like sum promised by the people, to be similarly placed at that officer's disposal.

Letter No. 7391—236, dated 26th February 1902, from the Inspector General of Education in Mysore.

I have the honor to submit a list of Taluk Branch Schools maintained from the Village School Fund, which require house-rent and contingent allowance, and to request that Government may be pleased to sanction the payment of the amounts stated opposite each school. The contingent allowances amount to Rs. 12 and the several items of house-rent to Rs. 168 a year. The charge may be sanctioned from the provision of Rs. 3,720 in the Village School Fund budget under the head "IV General."

Proceedings of the Government of Mysore,

READ—

Letter No. 843, dated 20th February 1902, from the Inspector General of Registration in Mysore, submitting the A and B returns of the Registration Department for the quarter ending 31st December 1901.

No. 14893—J. 1261, DATED BANGALORE, 10TH MARCH 1902.

ORDER THEREON.—There has been a slight decrease in the number of registration effected during the quarter in question, as compared with the corresponding quarter of last year, but the revenue realized is slightly more than that obtained during the quarter ending 31st December 1900. The total number of documents of all kinds registered during the quarter was 11,912 as against 12,382 in the corresponding quarter of last year. The total receipts of the Department were Rs. 24,492-6-0, being Rs. 5-8-0 more than in the corresponding quarter of last year, and Rs. 11,912-5-8 less than in the previous quarter. The total expenditure during the period was Rs. 18,638-5-2, thus leaving a surplus of Rs. 5,854-0-10 as against Rs. 17,661-13-9 in the previous quarter and Rs. 7,212-4-5 in the quarter ending 31st December 1900.

LOCAL FUNDS

Proceedings of the Government of Mysore,

READ—

Letter No. 597, dated 29th January 1902, from the President, District Fund Boards, Mysore District, submitting the Budget Estimates of the District Funds of the French Rocks Circle for 1902-03.

No. 15151-6—L. F. 6-1902, DATED BANGALORE, 14TH MARCH 1902.

ORDER THEREON.—The receipts under all heads are estimated at Rs. 42,681 against Rs. 42,021, the actuals of 1900-01 and Rs. 41,652, the sanctioned estimate for 1901-02.

2. *I. 76 per cent of One-anna Cess.*—The small increase of Rs. 1,079 as compared with the sanctioned estimate for 1901-02 is stated to be due to the increased cess collections as per jamabandi accounts. The estimate is approved.

3. *III. Fines for Cattle Trespass.*—In addition to the usual estimate of Rs. 750 expected from fines, a sum of Rs. 50 as against Rs. 40-7-6, the actuals of 1900-01, is expected to be collected from "Fees on impounded cattle." What these fees are in addition to the fines levied on impounded cattle are not stated. If they represent fees expected to be recovered for fodder and watering charges, it should be reported why only $\frac{1}{3}$rd of the sum of Rs. 150 provided on the side of expenditure for feeding impounded cattle is shown under this head. Pending explanation, the estimate will stand.

4. *Opening Balance.*—In lieu of the estimate of Rs. 5,825 proposed under this head a sum of Rs. 6,566 based on the actual balance on 1st July 1901 and the sanctioned estimates for 1901-02 will be adopted in the present budget.

	Rs.
Actual balance on 1st July 1901 ...	—1,390
Estimated receipts for 1901-02 ...	41,652
Total ...	40,262
Estimated expenditure	33,696
Closing balance ...	6,566

EXPENDITURE.

5. *A. Public Works to be executed by D. P. W.*—The provision of Rs. 22,995 made under "Repairs" includes a lump sum estimate of Rs. 1,500 for the repairs of dispensary buildings and 3rd class bungalows. It should be explained what portion of this sum is required for the repair of dispensary buildings to allow of such sum being transferred to the appropriate head "Civil Charges, IX Contributions," a corresponding reduction being made under this head. Pending further information, the estimate will not however be disturbed. But the increase provided for the annual maintenance of the undermentioned roads in accordance with the Board's resolution of 8th January 1902 in lieu of the mileage allotments sanctioned in Proceeding No. 7706-8—L. F. 5-01, dated 19th November 1901 will be disallowed, as no increase which is not previously sanctioned by Government should be inserted in the annual budgets. If however enhanced rates are absolutely necessary, the President should make a special reference on the subject for the orders of Government.

	Increase. Rs.
1. Bangaloro-Mysore road, 27 miles at Rs. 10 per mile ..	270
2. Channapatna-Haigur road, 5 miles at Rs. 10 per mile ..	50
3. Mandya-Melkote road, 6 miles at Rs. 5 per mile ..	30
4. French Rocks Station Nelligere road, 35 miles at Rs. 5 per mile.	175
5. Jakkanahalli-Melkote road, 4 miles at Rs. 10 per mile ..	40
6. Seringapatam-Sosale-Sivasamudram road, 24 miles at Rs. 10 per mile.	240
7. Seringapatam-Channarayapatna road, 37 miles at Rs. 25 per mile.	925
8. Krishnarajpete-Melkote road, 12 miles at Rs. 10 per mile	120
9. Krishnarajpete-Nagamangala road, 25 miles at Rs. 11 per mile	275
10. Kikkeri-Ippiah road, 6 miles at Rs. 10 per mile ..	60
11. Palhalli-Kalasavadi road, 2 miles at Rs. 10 per mile ..	20
12. Mysore-Mahadevapur road, 6 miles at Rs. 20 per mile ..	120
13. Yediyur-Tiptur road, 3 miles at Rs. 10 per mile ..	30
14. Nelligere-Sira road, 6 miles at Rs. 10 per mile ..	60
Total ..	2,415

The provision under "II Repairs" will accordingly be reduced from Rs. 22,995 to Rs. 20,580, a corresponding reduction being made in the provision under "III Establishments" for supervision charges.

6. *B. Public Works to be executed by Revenue Department.*—The present budget provides under "I Original Works" Rs. 3,000 for the construction of a musafirkhana at Malvalli, which the Board consider very necessary. This, as well as the sum of Rs. 1,000 provided on account of repairs of cattle pounds which has been properly shown under "II Repairs" instead of under "X Miscellaneous" as heretofore and other items under this head will be passed.

7. *C. Civil Charges.—III. Hospitals and Dispensaries.*—The charges incurred in 1900-01, on account of feeding, bedding and clothing to in-patients, as also on account of furniture to Local Fund Dispensaries, which are entered under this head, have been erroneously shown under "X Miscellaneous" in the column of actuals for 1900-01. The necessary transfers will be made in the consolidated budget statement.

8. The budget estimates of receipts and expenditure under District Fund of the French Rocks Circle for 1902-03 are sanctioned as noted below The usual particulars are appended.

READ—

Letter No. 726, dated 5th February 1902, from the President, District Fund Board, Tumkur, submitting the District Fund Budget Estimates of the Tumkur Local Fund Circle for 1902-03.

No. 15603-16—L. F. 4-1902, DATED BANGALORE, 19TH MARCH 1902.

ORDER THEREON.—*Income.*—The income under all heads for 1902-03 is estimated at Rs. 73,450 against Rs. 68,111, the actuals of 1900-01, and Rs. 72,950 the sanctioned estimate for 1901-02.

2. *I. 76 per cent of Local Cess.*—The estimate under this head is based on the jamabandi of 1900-01, and is passed.

3. *Opening Balance.*—In lieu of Rs. 29,634 proposed by the President, a sum of Rs. 28,770 arrived at with reference to the Comptroller's actual balance on 1st July 1901, and sanctioned estimates for 1901-02, will be adopted as the correct opening balance.

EXPENDITURE.

4. *A. Public Works to be executed by P. W. D.*—In addition to the provision for incomplete works, a sum of Rs. 4,000 is provided under "I Original Works" for 2 new works, a cart-track from Gulur to Honnudike Rs. 1,000 and metalling Tumkur-Maddur road Rs. 3,000. An increase of Rs. 800 as compared with original estimate is also provided under "II Repairs" for the maintenance of 8½ miles of branch roads leading to the bungalow on the Devarayadurga hill and to the Dobbspete-Koratagere road and for special repairs of Sira-Amarpur road. The estimate is sanctioned.

5. *B. Public Works to be executed by Revenue Department.*—The sum of Rs. 1,000 entered under Civil Charges "X Miscellaneous" for the construction and repair of cattle-pounds will be transferred to this head but the provision under "III Establishments" will be reduced from Rs. 1,500 to Rs. 1,120, which correctly represents 10 per cent on the estimate for works.

	Rs.
I. Original works	4,000
II. Repairs including incomplete works and cattle-pounds.	5,500
Civil charges VI Conservancy	1,500
X. Destruction of cover to snakes	200
	11,200
Establishment charge at 10 per cent on the cost of works.	1,120

CIVIL CHARGES.

6. *I. Office Establishments.*—The increase under this head is due to the provision made according to the existing scale of establishments. The provision is passed.

7. *II. Medical Scholarships.*—In the consolidated statement and in the statement of details, a sum of Rs. 900 based on the Comptroller's accounts for 1900-01, is entered under this head, though in the explanatory memo accompanying the present budget only Rs. 700 is stated to have been entered. As there is apparently no necessity for increasing the grant under this head, the estimate of Rs. 700 will be retained.

8. *III. Hospitals and Dispensaries.*—The sum of Rs. 552 provided under this head for the cost of bedding and clothing for in-patients in Local Fund Dispensaries in the district, accounts for the increase which is allowed. It is noted that the amount entered in the consolidated statement under the head sanctioned estimate for 1901-02, is only Rs. 4,129 while in the statement of details the same item is given as Rs. 5,224. Such discrepancies should be avoided in future.

9. *V. Sweepers of 3rd class Travellers' Bungalows and Musafirkhanas.*—The provision under this head includes the special allowance of Rs. 24 to the caretaker of the Tirumane traveller's bungalow. It is not explained why this new payment should be made or why it has been entered in the budget without previous sanction.

The provision is retained subject to this explanation being furnished. The President is requested to state why no provision is made under this head for payment of rewards to kotwals, etc., of travellers' bungalows for the best kept compounds as sanctioned in Proceedings No. 11525-34—L. F. 40-1900, dated 11th January 1902.

10. *X. Miscellaneous.*—The provision under this head will be reduced from Rs. 4,300 to Rs. 3,300 with reference to the remarks contained in para 5 *supra*.

11. The budget estimates of receipts and expenditure of the Tumkur Local Fund Circle for 1902-03, are sanctioned as noted below. The usual details are appended.

Net increase in expenditure ...	...	...	2,480	...

RECEIPTS.

2. *Fees from Travellers' Bungalows.*—The President expects an increase of Rs. 50 under this head. The cause should have been explained. The estimate is however allowed.

3. *Opening Balance.*—The revised estimate is in accordance with the actual final accounts of the Comptroller and is passed.

EXPENDITURE.

4. *A. Public Works to be executed by Public Works Department.*—The appropriations proposed for the current year for the marginally noted works sanctioned in Government Proceedings No. 11070-72—L. F. 3-01, dated 4th January 1902, account for the increases under this head, which are sanctioned. But the new provision made on account of contribution payable to the Public Works Department for the following works (including supervision charges) will be retained pending the submission of explanation as to the circumstances necessitating the payment to the Public Works Department of contribution from District Funds towards the cost of each of the undermentioned works:—

1. Removing one wing of the musafirkhana at Yeladabagi and constructing a small one at Konehalli ... Rs. 710
2. Improving Tiptur-Channarayapatna road. ... ... Rs. 747

		Rs.
1.	Repairing the old Taluk Cutcherry at Huliyurdurga	1,293
2.	Repairing the road on the bund of the Rampur tank	420
3.	Opening a cart-track from Tiptur to Kodigehalli	500
4.	Erecting iron railing on the rock leading to the top of Maddagiri Hill.	177
	Total ...	2,390

5. *B. Public Works.*—The increase of Rs. 608 provided under "I Original Works" is for constructing a well in the compound of the travellers' bungalow at Chiknayakanhalli as sanctioned in Proceedings No. 11070-72—L. F. 3-01, dated 4th January 1902 and the diminished provision of Rs. 2,881 instead of the original estimate of Rs. 4,500 is on account of the incomplete works of previous years sanctioned in Proceedings No. 5550-1—L. F. 3-01, dated 30th September 1901. The provision (Rs. 1,000) under "Civil Charges" X. Miscellaneous "i. Repairs to cattle-pounds" will be transferred to this head, raising the estimate under "ii. Repairs" to Rs. 3,000, corresponding reduction being made in the provision under civil charges. The provision under "iii. Establishments" will be reduced from Rs. 1,400 to Rs. 1,169, which correctly represents ten per cent of the modified grants towards the cost of works to be executed by the Revenue agency.

	Rs.
I. Original works	5,608
II. Repairs ...	3,000
Incomplete works ...	2,881
Destruction of cover to snakes	200
Total ...	11,689

6. *C. Civil Charges.*—The cause of decrease (Rs. 1,095) under "iii. Hospitals and Dispensaries" has not been stated. The omission should be supplied, but the estimate will be retained. The decrease (Rs. 156) under "V. Sweepers and caretakers for 3rd class bungalows and musafirkhanas" is stated to be due to the removal of the musafirkhanas of Nelahal, Maddagiri and Huliyar (old building) from the list of such buildings from the current year, as directed in Government Order No. 2052-53—L. F. 71-94, dated 2nd August 1901. The estimate is approved.

7. *IX. Contributions.*—In the explanatory memo accompanying the budget Rs. 1,000 is said to have been provided for contribution payable towards the cost of dispensaries in the district, while in the revised budget, the original estimate of Rs. 1,985 is retained. The excess amount, *viz.*, Rs. 985 probably represents the contribution payable to the Municipality of Tumkur for the maintenance of District Fund roads. The estimate will not therefore be disturbed.

8. *X. Miscellaneous.*—The increase of Rs. 200 provided under this head for unforeseen expenses will be allowed, but the total estimate will be reduced from Rs. 4,300 to Rs. 3,300 owing to the transfer of Rs. 1,000 from this head to "*B.* Public Works" made in para 5 *supra*.

9. The revised budget estimates of Receipts and Expenditure as now sanctioned for 1901-02 will be as shown below. The usual particulars are appended.

Government Proceedings No. 2973—L. F. 144-92, dated the 17th August 1901, calling for the opinion of the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, respecting the grant of special allowances to Hospital Assistants deputed to render medical aid at places other than their head-quarters.

2. Letter No. 399, P. dated the 25th January 1902, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, offering his opinion on the subject :—

"In reply to the Proceedings of Government and Order thereon, No. 2973—L. F. 144-92, dated 17th August 1901, asking me for an expression of opinion as to why additional allowances to Hospital Assistants for visiting certain localities which require their services should be continued, I have the honor to state that, as far back as I can remember, it has always been the custom to grant additional allowances to Hospital Assistants when asked to render medical aid to towns or villages other than the one to which they are posted.

I am unable to find out from records by whom this additional allowance was first suggested, whether by the Deputy Commissioner as President of the Local Fund Board, or by this Department. I do know however that when the services of a Medical subordinate are asked for, the allowance of Rs. 10 or 15 per mensem, as the case may be, is sanctioned by the Local Fund Boards, who make provision for it in their budgets, and it was hardly to be expected that either my predecessor or myself would object to an allowance being granted to one of our subordinates.

When, however, the question is put to me as to whether the allowance is a justifiable one, I fear I cannot conscientiously say it is, and I think its discontinuance will not prove a hardship to the subordinates concerned.

I most certainly think that they should not be losers and that either decent rate of mileage or batta should be allowed them."

No. 15711-20—L. F. 144-92, DATED BANGALORE, 21ST MARCH 1902.

ORDER THEREON.—Hospital Assistants in charge of Local Fund Dispensaries get a charge allowance varying from Rs. 10 to Rs. 20 a month, and whenever they travel on public duty they claim travelling allowance and batta under the Service Regulations. The grant of a special allowance for rendering medical aid at places away from their head-quarters, practically amounts to granting them a double allowance. Besides, the principle of giving a special allowance to a Medical officer who does the same kind and quantity of work as a Revenue officer at places other than head-quarters, does not appear sound. Government, therefore, direct that such special allowances granted to Hospital Assistants be withdrawn, and that the principle that a Medical officer in charge of a Taluk or other Dispensary should be prepared to render medical aid anywhere throughout the taluk, should hereafter be recognized and uniformly enforced.

2. To mitigate the possible hardship to individuals from sudden withdrawal of allowances which they have been drawing for long periods, Government are pleased to direct that in the case of persons already drawing these allowances, this order should come into effect from the 1st of July next, or from the date of their being transferred to any new stations, whichever may be the earlier date.

Letter No. 874, dated 1st February 1902, from the President, District Fund Board, Bangalore, submitting the District Fund budget estimates of the Bangalore Local Fund Circle for 1902-03.

No. 15589-95—L. F. 1-1902, DATED BANGALORE, 19TH MARCH 1902.

ORDER THEREON.—The income of the Bangalore Local Fund Circle for 1902-03, is estimated at Rs. 70,280, as against Rs. 70,716-13-0, the actuals of 1900-01, and Rs. 72,075, the estimate for 1901-02.

2. *I. 76 per cent of Local cess.*—The cause of decrease under this head as compared with the estimate for 1901-02 has not been explained. In the statement of assets of local cess, Rs. 66,428 is given as the total demand under this head in column 6, whereas in column 7, which should show the portion thereof expected to be collected during the year or the estimate for the year, Rs. 67,251, or Rs. 823 more, has been entered. This is apparently wrong. The President is requested to state whether the difference of Rs. 823 referred to is expected to be collected from the arrears of cess at the beginning of the year, which have not been shown in column 5 of the statement. Pending information, however, the estimate will stand.

3. *Ferry Collections.*—The omission of any estimate under this head against Rs. 5 sanctioned for the previous year should have been explained.

EXPENDITURE.

4. *A Public Works.*—The cost of maintenance of the Channapatna-Satnur road, which is Rs. * 1,500, has been erroneously entered as Rs. 1,200. The correct figure will be adopted under the head "II Repairs" and the provision under "III Establishments" will be raised from Rs. 7,455 to Rs. 7,462, which correctly represents 17½ per cent on the estimate for works.

* 20 miles at Rs. 75=Rs. 1,500.

5. *B. Public Works.*—No details have been furnished for the lump-sum provision of Rs. 4,000 entered under "II Repairs," nor has the necessity therefor been explained. Pending, however, the receipt of a detailed list of works for which the provision is intended, a sum of Rs. 3,636 will be allowed to stand under "II Repairs," the balance, Rs. 364, being shown under "III Establishments" to meet the cost of supervision charges at 10 per cent on the cost of works.

C. CIVIL CHARGES.

6. *III. Hospitals and Dispensaries.*—The correct total of the details given under "Whitefield dispensary" is Rs. 492 and not Rs. 516 as erroneously entered in the detailed statement. The necessary *correction will be made in this office. Under this head an item of Rs 543 has been entered for bedding and clothing, for which purpose, as also for furniture of dispensaries, an additional sum of Rs. 427 is provided. How much of the latter is required for bedding and clothing and why provision is made in two different places requires explanation. Pending information, the estimate will be allowed to stand.

	As proposed.	As modified.
	Rs.	Rs.
* Total dispensary charges ...	6,274	6,250
Unforeseen expenses ..	100	124

	Rs.
1. Two-third cost of furniture, bedding and clothing etc., for dispensaries ...	427
2. For bedding, clothing etc., to dispensaries. .	543

7. *IV. Midwives.*—The provision newly made for the salary of a midwife for the Whitefield dispensary accounts for the increase under this head, which will be allowed, subject to the submission of a separate reference in regard to the employment of a midwife in the dispensary.

8. *Sweepers for III Class Travellers' Bungalows and Musafirkhanas.*—The new item of Rs. 36 entered under this head for the moiety of pay of the care-taker of Ramanna's pond at Dodballapur, sanctioned in Proceedings No. 781-82—L. F. 1-01, dated 18th July 1901, will be transferred to the appropriate head "VI Conservancy and Sanitary charges," corresponding reduction being made under this head.

9. *VI. Conservancy and Sanitary Charges.*—The increase of Rs. 12 to the pay of the sweeper at Devarahosahalli, Channapatna Taluk, as entered in the present budget, is stated to be in accordance with Proceedings No. 2094-95—L. F. 131-94, dated 11th August 1896, but in that order the employment of three sweepers was sanctioned for the village of Malur near Channapatna and no increase of pay was sanctioned to the sweeper referred to. This requires explanation, pending which the item will be disallowed and the total provision under this head will be raised to Rs. 1,180 owing to the transfer of Rs. 36 made in para 8 *supra*.

10. The budget estimates of receipts and expenditure of the Bangalore Local Fund Circle for 1902-03 are sanctioned as per detailed statements appended. The result is given in abstract hereunder:—

READ—

Letter No. 196, dated the 9th August 1901, from the President of the District Fund and Municipal Boards, Bangalore District.

"I have the honor to state that the Senior Surgeon and Sanitary Commissioner with the Government of Mysore was requested to furnish information for 1900-01, regarding vaccination etc., in this district for incorporation in the Municipal and District Fund Reports of this district for 1900-01. He states in his docket No. 869 of the 1st August 1901 (copy herein enclosed) that as the annual returns of his department are for the calendar year and not for the official year, the information required by this office cannot be furnished. I, therefore, request if particulars regarding these items may be omitted in the reports and returns submitted by this office."

(*Enclosure to the above.*)

Letter No. 869, dated 1st August 1901, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

"His No. R. 205, dated 20th July 1901, requesting to be furnished with the statistics of Vaccination and Hospitals etc., for the official year 1900-01.

With reference to the above, has the honor to state that the Government have directed the submission of the annual reports and returns of this department for the calendar year in future instead of for the official year as was done hitherto and so the statistics called for by him for the official year 1900-01 could not be furnished, as the statistics for the calendar year 1900 have already been received. If the statistics are required for the calendar year 1900, the same will be complied with as soon as possible after the receipt of reply from the Deputy Commissioner to this reference."

No. 15982-91—L. F. 297-92, DATED BANGALORE, 27TH MARCH 1902.

ORDER THEREON.—In the above letter the President solicits instructions as to whether the * marginally noted returns required to be embodied in the Annual Municipal and District Fund Reports, may be done away with and the Report for the official year 1900-01, submitted to Government with his office returns only, as there was some difficulty in obtaining the statistics for the official year from the Medical Department, where reports are drawn up for the calendar year. The omission of the interesting and valuable information that such returns contain, from the annual reports is undesirable and would render reports defective. The Senior Surgeon is, therefore, requested to be so good as to issue instructions to the Medical subordinates to prepare and submit statements rendered to his office, for each half year, instead of for the whole of the calendar year so as to enable his office to add together the figures contained in statements of two such half years as would constitute an official year and to furnish statistics showing the particulars required for the Municipal and District Fund Administration Reports to the Presidents concerned for incorporation in their annual reports. Government consider that this arrangement will not entail extra labour in any office.

* (1) Statement of Medical institutions, work done by them, cost incurred etc.
(2) Statement of Medical institutions, work done by midwives etc.
(3) Statement of Medical institutions, work showing particulars of vaccination.
(4) Statement of Medical institutions, showing births and deaths.

2. The other reports and returns should continue to be submitted to this office for the calendar year as directed in para 7 of Proceedings No. 12073—Mis. 3197, dated the 11th March 1901.

L. B. B.—MUNICIPAL

Proceedings of the Government of Mysore,

READ—

The demand, collection and balance statements for the several Municipalities in the State for the four months ending 30th June 1901.

No. 14627-34—L. F. 44-1901, DATED BANGALORE, 5TH MARCH 1902.

ORDER THEREON.—The following abstract statement* exhibits the demand, collection and balance under the head Municipal Revenue for the four months ending 30th June 1901:—

* of which details are appended.

Municipalities.	No. of Municipalities.	Balance on 1st March 1901.	Demand for four months	Total including balance.	Collection for four months.	Balance at the end of June 1901.	Percentage of balance to the demand.
		R. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

2. From the above it appears that the current demand for the period under review was Rs. 4,18,148, while the collection during the period, *viz.*, Rs. 3,39,966, fell short of the demand by Rs. 78,182 thereby raising the uncollected arrears to the large figure of Rs. 2,05,725 or 37·70 per cent.

3. The percentage of outstandings to the total demand, including the arrears of previous years, is given below;—

1.	Bangalore City	62·13
2.	Mysore City	49·52
3.	Bangalore District	5·11
4.	Kolar do	20·05
5.	Tumkur do	5·92
6.	Mysore District, including French Rocks Sub-Division ...	44·49
7.	Hassan do	15·18
8.	Shimoga do	26·23
9.	Kadur do	16·55
10.	Chitaldrug do	1·97
	Total ...	37·70

4. In the largest Cities of Bangalore and Mysore, whose financial condition is anything but satisfactory, the outstandings rose from Rs. 74,610 to Rs. 1,48,208 at the end of June 1901, as shown in the margin. This is very unsatisfactory.

	Balance at commencement.	Balance at end of period.
Bangalore City	43,864	98,650
Mysore City	30,746	49,558
Total ...	74,610	1,48,208

5. In the other Municipalities the percentage of arrears ranges from 1·97 (lowest) in the Municipalities of the Chitaldrug District to 44·49 (highest) in the Mysore District. It is gratifying to note that in 19 Municipalities in the Bangalore, Chitaldrug, Kolar and Tumkur Districts there were no arrears at all. Government trust that the Presidents would stir up the collection agency in view to the recoverable items being collected as early as possible and report the result by the end of May 1902.

	Total No. of Municipalities.	No. of Municipalities with no arrears.
Bangalore	16	8

The Demand, Collection and Balance Statements for the several Municipalities in the State for the quarter ending 30th September 1901.

No. 14635-42—L. F. 44-01, DATED BANGALORE, 5TH MARCH 1902.

ORDER THEREON.—The following abstract statement, of which details are appended, exhibits the Demand, Collection and Balance under the head "Municipal Revenue" for the quarter ending 30th September 1901 :—

Municipalities.	Number of Municipalities.	Balance on 1st July 1901.	Demand for three months.	Total including balance.	Collection for three months.	Balance at the end of September 1901.	Percentage of balance to total demand.
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1 Bangalore City	1	98,649	38,126	1,36,776	48,744	88,031	64·36
2 Bangalore District	16	1,160	4,941	6,401	5,583	818	12·78
3 Kolar do	11	6,754	5,965	12,719	7,649	5,070	39·84
4 Tumkur do	18	1,518	1,883	3,401	2,879	522	15·35
5 Mysore City	1	49,558	26,665	76,223	39,581	36,642	48·07
6 Mysore District	25	26,240	5,324	31,564	10,245	21,319	57·16
7 Hassan do	14	3,956	4,223	8,179	5,067	3,112	38·05
8 Shimoga do	14	8,746	3,214	11,960	5,006	6,954	58·14
9 Kadur do	9	8,239	5,591	13,820	7,716	6,114	44·21
10 Chitaldurg do	15	605	5,243	5,2848	5,692	156	2·67
Total ...	124	2,05,725	1,01,175	3,06,900	1,38,162	1,68,738	54·98

2. From the above it appears that the total demand including the uncollected arrears under Municipal revenues for the period under review was Rs. 3,06,900, of which Rs. 1,38,162 was collected, leaving a balance of Rs. 1,68,738 to be collected at the end of September 1901.

3. The percentage of outstandings to the total demand at the end of September 1901 in the several Municipalities is as given below and is contrasted with that at the end of June 1901 :—

Municipalities.	Percentage at the end of— June 1901.	Sept. 1901.
1 Bangalore City	62·13	64·36
2 Bangalore District	5·11	12·78
3 Kolar do	20·05	39·84
4 Tumkur do	5·02	15·35
5 Mysore City	49·52	48·07
6 Mysore District	44·49	57·16
7 Hassan do	15·18	38·05
8 Shimoga do	26·23	58·14
9 Kadur do	16·55	44·21
10 Chitaldrug do	1·97	2·67
Total percentage ...	37·70	54·98

4. This shows that the outstandings at the end of September 1901 were more than those at the end of June in all the Municipalities except the Mysore City. The Presidents are requested to explain the cause of this large increase at an early date.

5. The Government are glad to observe that the percentage of arrears is only 2·67 (lowest in the Municipalities of the Chitaldrug District and that in 25 Minor Municipalities there were no arrears left uncollected at the end of September 1901 as detailed in the margin.

Districts.	Total number of Municipalities.	Number of Municipalities with no arrears.
Bangalore	16	8
Kolar	11	1
Tumkur	18	4
Mysore	25	2
Chitaldrug	15	10

6. Government trust that the collection agency will endeavour their utmost in collecting all recoverable balances at as early a date as possible and the Presidents will report the result to this office, statements of irrecoverable balances being submitted to Government for their being written off the accounts.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

12	Sarjapur ...	...	2,301
13	Dommasandra ...	...	1,676
	Total ..		25,270

EXPENDITURE.

3. *III. Collection.*—The provisions made under this head are stated to be necessary on account of remuneration payable to village servants for the collection of Octroi and Mohatarfa taxes, and are allowed.

4. *IV. Conservancy.*—The provision made in the budget of Sarjapur for the increase of one rupee sanctioned to the conservancy peon in Government Proceedings No. 7520-21—L. F. 129-97, dated 15th November 1901, and in the budget of Magadi for the hire of the conservancy cart and purchase of dust bins accounts for the increase under this head, which is passed.

5. *VII. Lighting.*—The supplemental grants under this head are on account of payments due for the previous year and are sanctioned.

6. *VIII. Public Works and IX. Charitable Grants.*—The sums entered under "Public Works" are chiefly for the completion of incomplete works of previous year

and those under "IX Charitable Grants" are on account of contributions payable to the Public Works Department towards the cost of construction and repairs of Dispensary buildings in Dodballapur, Kankanhalli and Closepet. If the grant is sanctioned for Kankanhalli, there will be a deficit of Rs. 198. The provision of Rs. 300 made for drains in the budget of that Municipality will therefore be struck out and the estimate reduced accordingly, the other items being passed. To meet the cost of establishments on the supplemental grants for works, the provision under "(*a*) Supervision" will be raised by Rs. 197 as per particulars noted below :—

	Municipality.	Provision for works.	Supervision Existing.	Revised.
		Rs.	Rs.	Rs.
1	Yelahanka	275	15	28
2	Hoskote	975	93	97
3	Dodballapur	1,800	170	180
4	Nelamangala	550	45	55
5	Magadi	1,100	90	110
6	Anekal	2,500	190	250
7	Sarjapur	850	45	85
8	Dommasandra	650	25	65
	Total ...	8,700	673	870
			Increase	197

7. The budget estimates of some of the Municipalities in the Bangalore District for 1901-02 as now revised are appended. The result in abstract is as follows :—

No.	Municipalities.	Opening balance on 1st July 1901.	Estimated receipts for 1901-02.	Total including balance.	Estimated expenditure for 1901-02.	Closing balance for 1901-02.

2	Kengeri	639	1,126	1,765	1,430	335
3	Hoskote	1,335	3,620	4,955	3,399	1,556
4	Devanhalli	2,342	3,768	6,110	3,157	2,953
5	Dodballapur	3,431	3,366	6,797	5,671	1,126
6	Nelamangala	779	2,671	3,450	3,077	373
7	Tyamagondlu	2,717	3,906	6,623	3,690	2,933
8	Magadi	710	3,570	4,280	3,867	413
9	Kankanhalli	375	2,392	2,767	2,665	102
10	Closepet	1,050	3,491	4,541	3,907	634
11	Anekal	7,215	3,698	10,914	6,228	4,683
12	Surjapur	2,301	1,312	3,613	1,975	1,638
13	Dommasandra	1,676	626	2,302	1,332	970
	Total ...	25,270	34,689	59,959	41,960	17,999

8. Notwithstanding the reduction made in para 6 *supra*, the closing balance is less than the prescribed minimum in Kankanhalli, Nelamangala, Magadi and Closepet. Steps should therefore be taken to maintain the usual working balance by effecting savings in the sanctioned items.

9. Government regret to observe that the above budget, though once returned with this office docket No. 10044—L. F. 13-01, dated 25th December 1901, for submission in the usual form, has again been sent up in an incomplete manner. The prescribed form should be adopted in all cases in future, and supplemental budgets should show—(1) the budget items as already sanctioned and (2) increases or decreases proposed, with an explanation for each item of increase or decrease.

Letter No. 1099, dated 7th January 1902, from the Comptroller to the Government of Mysore, stating, with reference to this office No. 10095—L. F. 31-01, dated 26th December 1901, that the books of his office had to be kept open till the end of November last for the incorporation, in the accounts of the year, of all the transfers and corrections proposed by the several Treasuries, that the final transfers for June 1901 were closed on the 3rd instant and that the District Fund accounts will be submitted a week hence, the Municipal accounts requiring another week more.

No. 14925-33—L. F. 31-1901, DATED BANGALORE, 11TH MARCH 1902.

ORDER THEREON.—Government regret to observe that there has been considerable delay in some cases in the transmission by the Presidents of the Municipal and District Fund Boards of the several Districts, of the Municipal and District Fund accounts for June 1901 to the Comptroller, resulting in a corresponding delay in the compilation of accounts in his office. As the Municipal and District Fund reports cannot be reviewed before the receipt of the Comptroller's accounts and as it is of the highest importance that such reviews on reports and accounts should be issued as early as possible after the expiration of the year to which they relate, the Government would impress upon the Presidents of all the Local Fund and Municipal Boards absolute punctuality in this matter. The attention of the Comptroller is also invited to Proceedings No. 4532-40—L. F. 16-92, dated 8th September 1893, and he is requested to bring to the notice of Government every case of delay in receipt of accounts as therein required. He should also see that adjustments made in his office are intimated to the Presidents concerned with as little delay as possible and that every endeavour is made to submit his annual accounts on or before the due date.

Remarks.—The discrepancy in the number of villages settled during the two years in the several Taluks, requires explanation.

2. The jamabandi settlement took six months and 22 days in the year 1900-01 as against four months and 14 days in the previous year. In 1900-01, the jamabandi lasted till so late as the end of June and this has been attributed to the employment of the taluk and village officials on Census work and also to the outbreak of cholera in some parts of the district.

3. At the outset, it has to be remarked that no separate report has been submitted regarding the jamabandi work done by the Deputy Commissioner during both the years. Consequently Government are not in a position to form any idea of the work done by him, and their observations made in the following paras are applicable to the work done by the Assistant Commissioners. It must be clearly understood that the Deputy Commissioner is, as well as any other Jamabandi Officer, bound to submit a report of the work done by him, in addition to his review on the reports of other Jamabandi Officers.

4. *Examination of Government Village Accounts.*—Mr. K. Srinivasa Rao and Mr. D. K. Darasha have examined personally more than the required percentage of the village accounts as particularised below, but Mr. Hema Hanumanthaiya has examined the accounts of a very small number of villages, *viz.*, 32 in 1899-00 and 18 in 1900-01. The reason for Mr. Hema Hanumanthaiya's failure to examine the required percentage of accounts in 1900-01, that he had to settle the jamabandi of the taluks allotted to him rather hurriedly, cannot be accepted as a satisfactory explanation. Examination of village accounts is such an important matter that it must always and under all circumstances be made thoroughly and satisfactorily, and until it is done the jamabandi cannot be deemed to have been completed :—

Mr. K. Srinivasa Rao—

1899-00—About 30 per cent in the Hiriyur Taluk, and about 40 per cent in the Challakere and Chitaldrug Taluks.

1900-01—Accounts of 33 villages in the Hosdurga Sub-Taluk, *i.e.*, about 32 per cent.
Accounts of 42 villages in the Hiriyur Taluk, *i.e.*, about 20 per cent.
Accounts of 58 villages in the Chitaldrug Taluk, *i.e.*, about 32 per cent.

Mr. D. K. Darasha—

1899-00—Accounts of 30 villages in the Hosdurga Sub-Taluk, *i.e.*, about 24 per cent.

1900-01—Accounts of 40 villages in the Holalkere Taluk, *i.e.*, about 20 per cent.
Accounts of 41 villages in the Jagalur Taluk, *i.e.*, about 24 per cent.

The accounts examined by the Jamabandi Officers are reported to have been on the whole correctly prepared. A few defects were however noticed by Mr. K. Srinivasa Rao and Mr. D. K. Darasha in the khetwar and other accounts; the Deputy Commissioner states that the attention of the Amildars concerned will be drawn to these. Minor errors noticed by the officers were rectified then and there.

5. *Accounts of Inam Villages.*—Mr. K. Srinivasa Rao has paid attention to this subject during both the years in question. Mr. Hema Hanumantaiya and Mr. D. K. Darasha furnish information in this matter only in their reports of 1900-01.

From the reports it is observed that 16 Inamdars have rendered the required accounts, that the accounts of 5 villages were not ready for examination at the time of the jamabandi and that the accounts of 9 other villages were not prepared. The Deputy Commissioner states that steps have been taken for the accounts being maintained and furnished at an early date. The result of these proceedings should be reported.

6. *Pahani Work.*—The Jamabandi Officers seem to have all examined the work of Pahani Inspection done by the village and taluk officers. The general result is not satisfactory. The Taluk of Holalkere is reported to have been the best in this respect. The prevailing defects are superficial inspection, failure to inspect twice as required by the rules. The Deputy Commissioner and the other Jamabandi Officers should, by persistent inspection and notice of defects, see that the standard of work is raised generally in all the taluks.

Mr. D. K. Darasha does not state whether he made any inspection to verify the Pahani accounts. This information should always be given. Mr. K. Srinivasa Rao made inspections referring to these accounts in 55 villages and Mr. Hema Hanumanthaiya in 10 villages in the Molakalmuru Taluk during 1900-01.

7. *Inspection of Boundary Marks.*—All the Jamabandi Officers inspected the boundary marks. Mr. K. Srinivasa Rao states that he inspected the marks in 75 villages in the taluks settled by him during 1900-01. The other officers do not state in how many villages they inspected the marks. Mr. D. K. Darasha states that systematic inspection of the boundary marks by the taluk officials had been begun before the Huzur Jamabandi in Holalkere and not yet in Jagalur Taluk. Mr. K. Srinivasa Rao and Mr. Hema Hanumanthaiya do not supply any information on this matter. The Deputy Commissioner states that the inspection of the marks by the Jamabandi Officers was fair.

The marks in the Chitaldrug, Hiriyur and Holalkere Taluks are reported to be in excellent condition and those in other taluks are reported to be generally in a good condition.

8. All the three officers inspected the boundary marks on the frontier. Mr. K. Srinivasa Rao detected 60 cases in the Challakere and 10 cases in the Hiriyur Taluks of incorrect demarcation. Mr. Hema Hanumanthaiya states that encroachments have been made in 36 villages in the Molakalmuru Taluk. Mr Darasha states that in the Jagalur Taluk some of the marks are in good condition and in proper places, while many others have entirely disappeared. The Deputy Commissioner states that steps have already been taken to rectify the marks in the Challakere and Molakalmuru Taluks and that the matter will be duly enquired into and a separate report submitted. Regarding the marks in the Jagalur Taluk, he proposes that during the re-survey of the said taluk, the Survey Department may be requested to examine the frontier boundaries throughout. The Deputy Commissioner's further report is awaited and the attention of the Superintendent of Survey will be invited to this matter in taluks where re-survey is in progress.

9. *Disposal of Darkhasts, Takrar Takhtas and Rajinamas.*—The following statement shows the number of Darkhasts reported as received and disposed of :—

As reported by	1899-1900.			1900-01.		
	Received.	Disposed of.	Balance.	Received.	Disposed of.	Balance.
Mr. K. Srinivasa Rao ...	207	148	59	507	416	91
Mr. D. K. Darasha ...	64	54	10	392	350	42

Mr. Hema Hanumanthaiya does not give the requisite particulars in his reports.

Regarding the Takrar Takhtas, Mr. Hema Hanumanthaiya states that he disposed of 425 cases of Takrar in 1900-01 and those of 78 villages in 1899-00. Mr. K. Srinivasa Rao states in his reports for 1900-01 that he disposed of all the Takrar cases in the Hiriyur Taluk and the Hosdurga Sub-Taluk and 140 cases out of 150 in the Chitaldrug Taluk. His reports of the previous year are silent on the point. Mr. Darasha's reports show that he disposed of 93 Takrar cases in 1900-01 and all the Takrar cases of the Hosdurga Sub-Taluk in 1899-00.

As regards Rajinamas, Mr. Hema Hanumanthaiya's reports furnish no information. Mr. K. Srinivasa Rao reports that 350 cases in 1899-00 and 63 cases in 1900-01, were found disposed of and Mr. Darasha, 180 cases in 1900-01.

In future reports every Jamabandi Officer should give in his report the number of cases received, the number disposed of and the number pending at the time of inspection.

10. *Transfer of Pattas.*—The cases of transfers reported by the Jamabandi Officers as found disposed of are as follows:—

As reported by			1899-00.	1900-01.
Mr. K. Srinivasa Rao	...	...	404	596
Mr. Hema Hanumanthaiya	...	...	652	250
Mr. D. K. Darasha	...	...	86	500

11. *Inspection of Waste Lands.*—The reports of the Jamabandi Officers excep. that of Mr. Darasha for 1899-00, do not give any information on this subject. Mr. Darasha states in his report that 5 cases of encroachments upon Government lands were noticed and dealt with. The reports for 1900-01 show that all the officers inspected waste lands and found out encroachments. Mr. K. Srinivasa Rao noticed 8 cases in the Hosdurga Sub-Taluk and Mr. Darasha 10 cases in the Holalkere Taluk; in the other taluks there were no encroachments.

12. *Examination of Raiyats' Receipt Books.*—The number of receipt books examined is not stated in any of the reports. It would be an easy thing to do to muster raiyats in their own villages during the visit of the Jamabandi Officer and compare and sign the receipts produced at the spot. This, besides giving the raiyats an opportunity of producing them in the state they are, will act as an efficient check on the Khate and Khirdi accounts. The number of villages in which such examination has been made should be stated in the reports.

13. *Avenue Trees.*—A general statement that the trees were inspected, is contained in the reports. If new trees are planted, their numbers should be stated. The excessive lopping of trees, noticed by Mr. Darasha in his report, should be prevented.

14. *Sanitation and Water-supply.*—Mr. K. Srinivasa Rao inspected 61 villages in 1900-01, with a view to ascertain the sanitation of the places, and found all of them kept clean. Mr. Hema Hanumanthaiya states that the sanitation of the villages in the Molakalmuru and Challakere Taluks was good; and Mr. Darasha states that the sanitation of the villages in the Holalkere and Jagalur Taluks was improved. Scarcity of water is reported to have been felt in the Chitaldrug, Hiriyur and Jagalur Taluks and the Hosdurga Sub-Taluk.

15. *Tanks.*—The tanks inspected by Mr. Darasha were 8 in 1899-00 and 26 in 1900-01. Mr. Hema Hanumanthaiya inspected 18 tanks in the Holalkere Taluk and Haribar Sub-Taluk in 1899-00 and 41 tanks in the Molakalmuru and Challakere Taluks in 1900-01. He does not give the number of tanks that he inspected in Davangere in 1899-00. Mr. K. Srinivasa Rao in his reports for both the years does not give the number of tanks inspected by him but merely makes a general statement that he inspected some tanks. He ought to have mentioned the number of tanks inspected.

16. *Vaccination.*—All the Jamabandi Officers made enquiries about and ascertained the work done by the vaccinators. Vaccination was better in 1900-01 than in the previous year. Mr. K. Srinivasa Rao states that this work was very unsatisfactory during both the years in the Taluks of Hiriyur and Chitaldrug. The Deputy Commissioner in his review promises to take notice of the indifferent work of the vaccinators of these taluks, which, it is hoped, will be done early.

17. Schools, Dispensaries, Trigonometrical Survey Stations, Municipal and Local Fund Works etc., were also inspected by the Jamabandi Officers. Their work in these miscellaneous matters calls for no special remark.

REMARKS.—The discrepancy in the number of villages settled during the two years in the several taluks, requires explanation.

From the above statement, it will be observed that for the year 1900-01, complete information on all the points has not (as it ought to have) been given as regards the taluks settled by the Deputy Commissioner, *viz.*, Chiknayakanhalli, Gubbi, Tiptur and Kunigal Taluks and Turuvekere Sub-Taluk. The Deputy Commissioner has neither submitted a separate report regarding the taluks settled by him nor has he embodied sufficient details in his review of the reports of the several Jamabandi Officers. Independently of the review, Deputy Commissioners should always submit a separate report dealing with the Jamabandi work done by them, just like the other Jamabandi Officers.

During 1899-00, the Jamabandi was commenced on the 12th December 1899 and completed on the 22nd April 1900, the period taken for the settlement being four months and ten days. In the absence of complete information, all that can be said about the settlement in 1900-01, is that it was not completed before the end of April but continued in May also.

The long time taken for the settlement of the Sira Taluk in 1899-00, is accounted for by the fact that Mr. M. Narayana Rao conducted the Jamabandi of the portion he took up from the 3rd to the 13th February 1900 and Mr. C. Seshadraiengar conducted the Jamabandi of the remaining portion from the 5th to the 11th April 1900. The time actually taken up was only sixteen days.

2. *Examination of Government Village Accounts.*—During the year 1900-01, Mr. A. Subramanya Iyer personally examined the accounts of 139 villages, Mr. C. Seshadraiengar, those of 175 villages and Mr. M. Narayana Rao, those of 15 villages. The percentage of the accounts examined by the two former is about 22, whereas the percentage of accounts examined by Mr. M. Narayana Rao falls much below 20. Whether Mr. B. G. Krishnaiengar and Mr. A. Ananda Rao examined any accounts personally has not, as it should have, been stated. The total number of villages of which the accounts were examined in 1900-01 is 329 so far as statistics have been given, or 7 less than that of the previous year. This decrease has not been explained. Mr. C. Seshadraiengar reports that the accounts examined by him were correctly written up and that a few errors and defects noticed were rectified then and there, while Mr. A. Subramanya Iyer merely states that he examined them, which of course is useless unless accompanied by the result of such examination. Government would be glad to be assured that the work of examining the accounts will not be allowed to degenerate into a mere form and that the Jamabandi Officers see that they are all correctly and fully written up.

3. *Accounts of Inam Villages.*—Except Mr. C. Seshadraiengar and Mr. A. Subramanya Iyer, none of the Jamabandi Officers furnishes any information on this subject. In the taluks settled by Mr. Subramanya Iyer, no inamdar has furnished the required accounts, while, in the taluks settled by Mr. Seshadraiengar, only a few have rendered these accounts. Mr. Subramanya Iyer suggests that a sum of about Rs. 50 may be advanced to Amildars to employ paid agency to get these accounts prepared. But the Deputy Commissioner is of opinion that such a course would be of no use as the difficulty lies not in getting men to prepare the accounts, but in getting the required materials, for which a regular raiyatwar settlement of each village is necessary. The Deputy Commissioner states that this course was not adopted hitherto as it would entail much labor and time and that he has issued orders now to have this work done in respect of at least two villages in each taluk during the current year. The Deputy Commissioner is requested to report how far he has been successful in getting the accounts by the method now adopted.

4. *Pahani Work.*—Mr. C. Seshadraiengar seems to have been the only Jamabandi Officer, judging from the reports, who paid attention to this work. He reports that the Pahani accounts he examined were properly prepared. The Deputy Commissioner is requested to enquire and report the names of the Officers who failed to attend to this work. This omission is a matter for great regret and it is hoped that the Deputy Commissioner and the Jamabandi Officers of this district did not fail to realize the importance due to the correct and full Pahani inspection. It is not the account alone which has to be examined, but the entries should be carefully compared and scrutinized at the time of field inspection and the result noted against the numbers in the Pahani book.

5. *Inspection of Boundary Marks.*—All the Jamabandi Officers except Mr. B. G. Krishnaiengar and Mr. A. Ananda Rao, state that they inspected the boundary marks and issued orders for replacing and rectifying the marks wherever they were found wanting. Mr. C. Seshadraiengar in his reports for 1900-01 states that in the Sira and Maddagiri Taluks, systematic inspection of the boundary marks by the taluk officials had been begun and that particular attention was paid by the Amildar of the Pavagada Taluk to these marks. The other Jamabandi Officers do not state anything about the inspection by the taluk officials, required by Rule 85 of the Land Revenue Rules. The Jamabandi Officers should not rest satisfied with casual inspection of marks that they happen to see along the roads they pass through in course of their tours. It is only a systematic inspection of selected numbers and proper noting of results in the Pahani Registers that are likely to have any effect in correcting errors and serving as an example to village and taluk officials. Detailed information must be given by them regarding the action they have taken in the matter. The Deputy Commissioner in his review states that owing to early cessation of rain last year and the failure of *Mungar* showers this year, the execution of work in repairing the marks was impeded and that strict orders have been issued for undertaking and completing the work soon. Such general observations and orders leave but little effect unless the District Officers take pains to enforce the lessons they inculcate by frequent thorough-going (though necessarily limited) inspections. The boundary marks in the Tumkur District generally were found to be bad and neglected in the tour of the 1st Councillor Mr. P. N. Krishnamurti. It is the duty of every Jamabandi Officer to see whether the instructions contained in Rule 85 of the Land Revenue Rules for the maintenance and repair of boundary marks are being duly carried out.

6. *Inspection of Boundary Marks between the Mysore and the British Frontier.*—Mr. C. Sheshadraiengar reports that he inspected the boundary marks in the Taluks of Sira, Pavagada and Maddagiri and that they have been maintained in good order.

7. *Disposal of Darkhasts, Rajinamas and Takrar Takhtas.*—In the reports of both the years, there is very little information on this subject, beyond some general statement that all the *takrar* cases were disposed of, and that no *rajinamas* were pending and darkhast registers were checked and disposed of. Government expect that at least the number of cases of different classes of work should be mentioned in such reports, as mere general statements like those noticed here, convey little or no meaning. The pending cases should be accurately described in the quarterly reviews by Government. Darkhasts pending for several years have been frequently noticed.

8. *Transfer of Pattas.*—The number of cases of transfers of Pattas have been specified in the reports only of Mr. C. Seshadraiengar. All the other Jamabandi Officers have failed to give any account of the work done by them in this direction. The following is a statement showing the number received and disposed of, so far as information is available :—

Taluk.	1899-1900.		1900-01.	
	Received.	Disposed of.	Received.	Disposed of.
Maddagiri	209	198	235	235
Pavagada	149	138	162	150
Sira	93	91	120	Not given.
Koratagere Sub-Taluk	163	147	132	132

9. *Inspection of Waste Lands.*—Mr. C. Seshadraiengar in his reports for 1900-01 states that he inspected waste lands in the taluks settled by him and found a few encroachments in the Taluks of Sira, Pavagada and Maddagiri. These cases were, he reports, brought on the Takrar Takhta and the persons concerned were fined. It is to be regretted that information on this subject has not been supplied in other reports.

10. *Examination of Raiyats' Receipt Books.*—Both Mr. C. Seshadraiengar and Mr. A. Subramanya Iyer report that they examined some Receipt Books that were produced before them.

11. *Avenue Trees.*—The avenue trees were generally in a good condition and the gaps found in some places were ordered to be filled up. It is hoped that the orders have been duly carried out. The number, actually planted newly, should be given in such reports.

12. *Sanitation and Water-supply.*—All the reports except those of C. Mr. Seshadraiengar are silent on this point. Mr. Seshadraiengar states that villages were kept clean and attention was paid to sanitation. In the Maddagiri Taluk and the Huliyar Sub-Taluk, scarcity of water was felt to some extent in 1900-01. It is important that the number of villages inspected by Jamabandi Officers should be specified.

13. *Tanks.*—In the year 1900-01, Mr. C. Seshadraiengar inspected 83 tanks and Mr. A. Subramanya Iyer, 31 tanks. The other Officers give no information on this point. The total number of tanks inspected in 1900-01 was 114 against 90 in the previous year. The Deputy Commissioner states that the Jamabandi Officers have inspected a fair proportion of tanks but Government are of opinion that the number inspected is very small. Nearly all the tanks should be seen. Earth-work and turfing were observed to be wanting in many cases and the Deputy Commissioner reports that orders have been issued for carrying out this work systematically. Mr. Narayan Rao cannot claim much credit for attention to this work. Several of the tanks seen by the 1st Councillor (the Dewan) in his tour of 1900-01, showed signs of neglect.

14. *Vaccination.*—The vaccination work done in 1900-01 was better than that of the previous year.

The Jamabandi Officers inspected Schools, Dispensaries, Municipal and Local Fund works, Trigonometrical Survey Stations etc. The work done by them in these miscellaneous matters calls for no remark.

15. *General Remarks.*—The reports of the Jamabandi Officers except those of Mr. C. Seshadraiengar, are too brief and incomplete. Such reports are of no use whatever as they do not enable Government to have an idea of the work done by each Jamabandi Officer. In future, the reports should be complete and exhaustive and the Deputy Commissioners should furnish a detailed report, apart from his review, regarding the taluks settled by him.

REMARKS.—The discrepancy in the number of villages settled during the two years in the Chintamani, Kolar, Goribidnur, Mulbagal, Chikballapur and Srinivaspur Taluks, requires explanation.

2. The jamabandi settlement took four months and 26 days in 1900-01 as against three months and 19 days in the previous year, the Census work accounting for the longer period in 1900-01.

3. *Examination of Government Village Accounts.*—The percentages of the number of villages, the accounts whereof were personally examined by the several Jamabandi Officers are as given below :—

Name.	Year.	Percentage.
Mr. H. H. Sparkes	1899-1900	More than 20 of the total number of villages.
Mr F. E. C. Carr	1900-1900	Accounts of all villages.
Mr. Chengia Chetty	1899-1900 1900-1901	About 20 Not given.
Mr. V. N. Gopaliengar	1899-1990	More than 20
Mr. M. Krishnaiengar	1899-1900	More than 10
Mr. C. Krishna Rao	1899-1900 1900-1901	About 20 About 25
Mr. K. R. Srinivasiengar	1900-1901	Not given.
Mr. Amir Hassan	1900-1901	Ditto

In 1899-1900, Mr. Krishnaiengar failed to check the accounts to the required extent; and no information on this point is given by Mr. Chengia Chetty, Mr. K. R. Srinivasaiengar and Mr. Amir Hassan in their reports for 1900-1901; but the Deputy Commissioner in his review for 1900-01, states that the accounts of more than 20 per cent of the total number of villages were examined by the Jamabandi Officers.

The omissions and defects noticed in the accounts are reported to have been rectified. Mr. Carr who has personally examined the accounts of all the villages of the Bowringpet and Malur Taluks, reports that he found them, with a few exceptions, exceedingly well written and in most cases accurate.

4. *Accounts of Inam Villages.*—The reports of the Jamabandi Officers for 1899-1900 show that some progress was made in getting the accounts (Nos. 14 and 15) of the inam villages prepared; even then, the accounts of 328 inam villages were still due. In 1900-01, the Jamabandi Officers, except Mr. Chengia Chetty, report that no inamdar produced the required accounts for that year. Mr. Chengia Chetty states that in the Bagepalli Taluk, the Inamdars furnished the accounts; but of what year the accounts were, he does not specify. From the statement submitted by the Deputy Commissioner for the quarter ending 31st March 1901, which is given in Government Order No. R. 564-71, dated 5th August 1901, it is observed that default in supplying the accounts has been made by inamdars of 300 villages. Neither the Deputy Commissioner nor any of the other Jamabandi Officers state what action has been taken in the matter. The Deputy Commissioner is requested to take such steps as would ensure the speedy preparation of the accounts and report the matter for the information of Government. Individual cases where it is not possible for the Deputy Commissioner to get the accounts prepared, may be reported for the orders of Government.

5. *Pahani Work*—The Pahani work done by Taluk officials was tested by all the Jamabandi Officers and was found unsatisfactory in almost all cases. Mr. Carr states that the method of inspection was not properly understood by the patels and shanbhogs and that the Amildars did not check the work to the required extent. Mr. Chengia Chetty in his report for 1900-01 observes that in the Bagepalli Taluk, no second inspection was made. The Deputy Commissioner reports in his review that the necessity of carrying out the instructions issued in the matter has been enjoined

on the Amildars. He should insist that this work is duly carried out both by the Taluk and the higher officials and that a better standard is attained year after year.

6. *Inspection of Boundary Marks.*—All the Jamabandi Officers have made inspections to ascertain the condition of the boundary marks. Their reports show that in the Malur, Bagepalli and Sidlaghatta Taluks, systematic inspection by the Taluk officials according to the instructions contained in Rule 85 of the New Land Revenue Rules, was in progress. The marks in the Bagepalli Taluk are reported to be in excellent condition, which is attributed to the personal exertion of the Amildar. Most of the marks in the Mulbagal Taluk were found by Mr. Amir Hassan in want of repairs. The condition of the marks in the other taluks was fair.

The Deputy Commissioner is requested to strictly enforce the instructions contained in Rule 85 of the New Land Revenue Rules regarding the maintenance and repair of boundary marks in those taluks where systematic inspection has not been begun as yet. The Jamabandi Officers should not omit to test by the inspection of the boundary marks systematically also.

The marks on the boundary line between the Mysore and the British Territories were inspected and found in order at the following places :—

1899-1900.

By Mr. Sparkes.—Marks between Ketere village of Malur and Arlere of the Salem District.

By Mr. Chengia Chetty.—(1) Those between the British village of Somaghatta, Gulur and Narsapur villages of the Bagepalli Taluk.

(2) Those between Yelloda, Ballasandra and Kambalahalli villages of Mysore Territory and the adjoining British villages.

By Mr. Gopalaiengar.—Those lying on the north of the Sidlaghatta and Chintamani Taluks.

By Mr. Krishna Rao.—Those in the frontier of the Mulbagal Taluk.

1900-01.

By Mr. Carr.—(1) Boundary marks from Nos. 24 to 53 between Krishnapur of the Malur Taluk and Kagargandahalli of His Majesty's Territory.

(2) Boundary marks from Nos. 1053 to 1078 between Choramangala of the Malur and Dinevarhalli of the Salem District.

(3) Boundary stones between Pichagondahalli of Bowringpet Taluk and Kollapalli of British Territory.

By Mr. Chengia Chetty.—Boundary marks on the frontier near Bagepalli, Gulur, Bilur, Guttapalya and Chelur in the Bagepalli Taluk.

By Mr. Krishna Rao.—(1) Those in Survey No. 63 of Chilkalnerpu village in the Sidlaghatta Taluk.

(2) Those to the east of Chilkalnerpu and those of Manchenahalli and three other villages of the Sidlaghatta Taluk.

(3) Those between Devapalli of the Chintamani Taluk and Buchapalli of the Madanapalli Taluk.

(4) Frontier marks in the Kundlagurki village, Srinivaspur Taluk.

(5) Frontier marks in Rajamangalapalli and Penagalapalli, Nelavanki hobli, Srinivaspur Taluk.

(6) Frontier marks in Guntalapalli, Rayalpad hobli, Srinivaspur Taluk.

By Mr. Amir Hassan.—Those on the north-east of the Mulbagal Taluk.

Mr. Carr, during his inspection, found that between the British village of Sagundhalli and the Mysore Territory, stone No. 1072 had been displaced and marks between 1085 and 1087 were missing ; and that out of the boundary stones between Mulakanahalli of Malur and Gollahalli of His Majesty's Territory, stones Nos. 1417

and 1355 had been displaced. He states that, regarding the former, he has addressed the Superintendent of Revenue Survey to have the necessary rectification and that steps will be taken to rectify the latter. The Deputy Commissioner is requested to take early action in the matter and report the result for the information of Government.

7. *Takrar Takhtas, Darkasts and Rajinamas.*—The Jamabandi Officers state that they have disposed of the takrar cases placed before them for orders; but the number of cases so disposed of, together with the number pending has not, as it ought to have, been given.

The following statement shows the number of Darkhasts verified by the several Jamabandi Officers, as having been disposed of:—

Verified by—	1899-1900.			1900-01.		
	Received.	Disposed of.	Pending.	Received.	Disposed of.	Pending.
Mr. H. H. Sparkes	100	77	23	...	...	...
Mr. F. E. C. Carr	...	...	...	254	203	51
Mr. Chengia Chetty	543	502	41	1,577	1,483	94
Mr. Gopalaiengar	...	...	92	...	...	...
Mr. Krishnaiengar	112	104	8	...	...	...
Mr. C. Krishna Rao	...	55	...	1,070	882	188
Mr. K. R. Srinivasa Iyengar	...	...	...	508	506	2
Mr. Amir Hassan	...	...	...	329	299	30

About the disposal of rajinamas, there is no information in the reports of 1899-1900. The numbers verified in 1900-01 as having been disposed of by Mr. Chengia Chetty, Mr. C. Krishna Rao and Mr. Amir Hassan, were respectively 309, 234 and 294. Mr. Carr in his report states that files of rajinamas were checked minutely, and no glaring omissions or irregularities were found. Information under this head should be given by all the Jamabandi Officers, together with the numbers received, disposed of and pending.

8. *Transfer of Pattas.*—The reports of 1899-1900 are silent on this point, while those of 1900-01 furnish some information. Mr. Carr states that pattas of defunct khatedars were transferred and Mr. K. R. Srinivasiengar that a large number of lists, containing similar cases, were disposed of. Mr. Chengia Chetty reports that in addition to the cases submitted by Amildars, several other transfers were, as prayed for by petitioners, effected after personal enquiry; and Mr. Amir Hassan, that disputes regarding transfers of pattas were settled. Mr. C. Krishna Rao's reports show that the cases enquired into and disposed of by him were 363 in Sidlaghatta, 304 in Chintamani and 261 in Srinivaspur. The cases of varga raginamas in these three taluks were respectively 223, 349 and 212.

The Jamabandi Officers would do well to give the number of cases of tranfers received, disposed of and pending, without which the information supplied would not be complete.

9. *Inspection of Waste Lands.*—In 1899-1900 none but Mr. Sparkes and Mr. Chengia Chetv have anything to say on this subject. Both these officers inspected waste lands and Mr. Sparkes noticed five encroachments. The reports of 1900-01 show that all the officers except Mr. Carr inspected waste lands, bordering on cultivation and found no encroachments.

10. *Examination of Raiyats' Receipt Books.*—All the Jamabandi Officers state that they examined Raiyats' Receipt Books; but the number so examined has not been given by any, except Mr. Gopalaiengar and Mr. C. Krishna Rao. Mr. Gopalaiengar examined 800 pattas and Mr. C. Krishna Rao more than 500 in 1899-1900 and about 850 in 1900-01.

Mr. Chengia Chetty and Mr. Gopalaiengar in their reports for 1899-1900, state that the entries were not made in these books as payments were made; but what action they took to prevent the irregularity in future has not been stated. Mr. Carr reports that he took due notice of the village officials who failed to make proper entries.

11. *Avenue Trees.*—Due attention has been bestowed on ascertaining the condition of the avenue trees by all the Jamabandi Officers.

12. *Sanitation and Water-supply.*—The reports show that every Jamabandi Officer noticed the sanitary condition of the villages they visited, the numbers so visited in 1899-1900 being given by Messrs. Gopalaiengar and C. Krishna Rao, as 141 and 77, and by Messrs. Carr and Amir Hassan in 1900-01, as 15 and 63. It is reported that there has been a general improvement in this matter.

13. *Tanks.*—Mr. Sparkes and Mr. Krishnaiengar do not give in their reports the number of tanks inspected by them. Those inspected by the other officers are as follows:—

	1899-1900.	1900-1901.
Mr. Carr	..	32
Mr. Chengia Chetty	60	62
Mr. Gopalaiengar	61	..
Mr. C. Krishna Rao	10	41
Mr. K. R. Srinivasaiengar	..	14
Mr. Amir Hassan	...	96

The maintenance of the tanks in the Mulbagal Taluk is reported to be bad. In other taluks, it is stated to be generally fair though in some cases, earth-work and turfing have to be done. Suitable instructions should be issued to the Amildars to have the necessary repairs executed.

14. *Vaccination.*—The Jamabandi Officers of 1899-1900 are unanimous in holding that the work done by the vaccinators was not satisfactory. There seems to have been an improvement in the following year, except in Bowringpet, Malur and Mulbagal Taluks.

15 Mr. Chengia Chetty in his report for 1900-01 observes that the records of the Goribidnur Taluk are not in a satisfactory condition and that some old references are still pending. The Deputy Commissioner is requested to make the necessary enquiry and take steps to set the matter right.

16. It is desirable that a detailed and systematic inspection of all the taluk records should be made by the Jamabandi Officers at least once a year during jamabandi and the result mentioned in the reports.

FINANCIAL

Proceedings of the Government of Mysore,

No. Fi. 1311-16, dated Bangalore, 10th March 1902.

Order.—Mr. C. R. C. Kiernander is hereby appointed to audit the Mysore State Accounts in all its branches.

2. Mr. Kiernander will begin with verifying all the cash balances and other assets of the State. He should take up the regular audit of all the accounts from the point where Mr. Biddulph closed his audit and continue it up to the end of June next. All the accounts audited in the Comptroller's Office, including the Military Department and Palace Accounts, as well as the Public Works Department Accounts, will be brought within the range of this special audit.

3. The Special Auditor will ascertain and report how far the suggestions of Mr. Biddulph made after his examination of the State Accounts in 1896-97, have been carried out. Of course, the results of his own audit will also be reported together with his suggestions for improvement and other matters worth notice that may occur to him in the course of his detailed audit.

4. If Mr. Kiernander considers it necessary, he may inspect one or more District and one or two Taluk Treasuries.

5. During the period of his employment, Mr. Kiernander will be paid a salary of Rs. 1,200 a month together with a daily allowance of Rs. 7-8-0 to cover boarding and conveyance charges. It is expected that he will be able to finish his work in about five months. He will be considered to be on duty from the 4th instant, the date of his arrival in Bangalore.

6. Mr. Kiernander should apply early for sanction of the clerical and menial establishment required by him, of course, keeping to the minimum of his needs. A suitable accommodation for his Office will be found either in or near the Comptroller's Office.

7. The Comptroller, Mysore Government, the Heads of the Departments concerned and the Palace Controller are requested to render promptly all assistance necessary to facilitate the audit hereby directed.

8. The work is urgent and it is essential that it should be completed as soon as possible before August next. Mr. Kiernander is requested to proceed with his work as expeditiously as possible.

(1) Government Proceedings No. 5836-9—Mis. 1278, dated 1st November 1898, abolishing the Treasury attached to the Bangalore Taluk Cutcherry, as the said Treasury being too close to the Bangalore District Treasury, could be easily dispensed with without any practical inconvenience.

(2) Government Proceedings No. 6004—Mis. 1332, dated 7th November 1898, approving the instructions proposed to be issued by the Comptroller, Mysore Government, to the Deputy Commissioner, Treasury Department, Bangalore District, regarding the abolition of the Bangalore Taluk Treasury.

READ—

(1) Letter No. D. 146, dated 29th July 1901, from the Deputy Commissioner, Bangalore District, to the Secretary to the Government of Mysore, Revenue and General Departments:—

"With reference to Proceedings of Government No. 5836-9—Mis. 1278, dated 1st November 1898, directing among other things, the abolition of the Bangalore Taluk Treasury as a separate institution and its amalgamation with the Bangalore District Treasury, I have the honor to solicit the favor of a reconsideration of the matter by Government.

"2. The abolition has not had the effect of any financial savings to Government as the Treasury establishment that was working in the taluk, is now employed in the District Treasury, and as the Bangalore District Treasury had heavy work even before the amalgamation, the change while affording no relief to the finances of the State has only tended to inconvenience the public that have business to transact at the District Treasury. Before the amalgamation, all the routine work in the Taluk office in connection with the Nagadi Treasury branch was transacted in the Taluk office. This has now devolved on the District Treasury establishment and has entailed additional work, as shown in the accompanying statement. As all the receipts and payments have to be dealt with, as if there was no Taluk Treasury, the presence of the Taluk Nagadi establishment in the District Treasury is not of much use. The Taluk shroff helps to count money, and the Nagadi gumasta keeps a duplicate of the accounts maintained in the Treasury Department. The inconvenience felt by the Treasury branch, owing to increased work, is however nothing when compared with the delay and inconvenience experienced by persons having dealings with the taluk, such, for instance, as the Toddy and Arrack farmers and patels and shanbhogs bringing remittances to the Treasury, who, I am informed, have been, owing to press of work, detained several days during the collection season with money in their hands.

"3. All that is wanted is to provide a small safe room in the premises now made use of as a Taluk Cutcherry. A small guard can be furnished from the Taluk Police establishment, and all surplus money, over, say, Rs. 1,000 will be, as in the case of Taluk Treasuries at other District Head-quarters, remitted day by day to the District Treasury. There is want of accommodation in the buildings now used as the Taluk Cutcherry and the extension of the block now running from east to west on either side, by 20 feet, will give all the accommodation required. The cost of it may probably not exceed four or five thousand rupees. I beg that the matter may receive favorable consideration and orders be passed on it as early as possible."

(2) Letter No. 5176, dated 11th February 1902, from the Comptroller, Mysore Government, supporting the recommendation made by the Deputy Commissioner.

(4) Letter No. 1071, dated 20th March 1902, from the Deputy Commissioner, Bangalore District, to the Secretary to the Government of Mysore, Revenue and General Departments:—

With reference to your docket No. 1376, dated 19th instant, I have the honor to state that arrangements can be made for re-opening the Taluk Treasury in the office of the Amildar of Bangalore by constructing a temporary strong room at a small outlay, for which I am sanctioning an estimate out of funds placed at my disposal, as this is the collection season and inconvenience felt by the patels and shanbhogs and others having transactions with the Taluk Treasury has been greatly intensified. I request the favor of very early orders being passed for the re-opening of the Taluk Treasury.

2. The accommodation available in the building now used for purposes of the Taluk Cutcherry is not sufficient and the project for providing sufficient accommodation is pending in the Public Works Department. The order for re-opening the Treasury need, however, not be delayed on that account, as it is a matter of very great urgency.

ORDER THEREON—The re-opening of the Bangalore Taluk Treasury is sanctioned.

2. The Comptroller, Mysore Government, is requested to issue requisite instructions, copy of which may be submitted to Government for information.

3. The Deputy Commissioner will report the date on which Treasury work is started and the cost incurred in building the temporary strong room proposed.

NOTIFICATION.

SALE OF TODDY SHOPS FOR 1902-03.

Notification No. 14854—Ex F. 7-1901, dated Bangalore, 7th March 1902.

1. It is hereby notified by the Government of Mysore that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended *Schedule for one year, beginning with 1st July 1902 and ending with 30th June 1903, will be put up to public auction at upset prices by the respective Deputy Commissioners or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said Schedule, and at the respective Taluk kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on above named days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise, when necessary, the grouping of shops as specified in the Schedule hereto appended, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case, by means of tenders or by private negotiation, or to sell the privilege in any Coffee Estate to the planter for a fixed amount not less than Rs. 12 per shop. The shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into, and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the

* NOTE.—For Schedule, see *Mysore Gazette*, Extraordinary, dated 31st March 1902.

result of such enquiries is not satisfactory. No former licensee who has been guilty of infringement of the terms of his license or of the Excise Laws in force, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10, in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss by the re-sale or other disposal, but shall not be entitled to any gain by the re-sale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent or to deposit two months' rent and to furnish personal security for an amount equal to three months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to three months' rent shall invariably be taken, and no personal security shall be demanded or accepted. If the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani, and dadasal toddy. But in tracts where both date and bagani toddy shops exist, the licensee of the date toddy shop shall not tap bagani trees, and the licensee of the bagani toddy shop shall not tap date trees; but both licensees can tap any of the other palm trees named above.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1902. But if the amount of annual rent for any shop does not exceed Rs. 5, the whole of it shall be paid in the first instalment. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk, as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents, the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall, with interest at 6 per cent per annum, be recoverable from him or his surety, under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(5) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee, informing him of the nature of the arrangements made.

(6) Toddy shall not be sold to the public at less than the retail rates specified in the appended schedule.

(7) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(8) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized on this behalf.

(9) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited. Provided, however, that in bagani tracts, the licensee who has purchased the right of vend of bagani toddy, may permit the tapping of bagani trees for domestic consumption, as well as for sale within the limits of the village purchased by him. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated, nor permit any person having interest in the exclusive privilege of vending arrack in the taluk, to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission

of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(12) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(13) The license shall not be transferable, except with the permission of the Excise Commissioner.

6. (1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorized agents,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the Tree-tax prescribed in clause 9 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 20th June 1898, for such number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of the applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the Local Treasury. Forms may be obtained from him or the Assistant Inspectors under him.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

(4) Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped and also to tree-rent in the case of trees on Government unoccupied lands.

(5) On receipt of an application, the Inspector will at once take steps for the marking of the trees by an officer superior in rank to a Sub-Inspector and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days, and pots may be attached to such marked trees during the five days, immediately preceding the period to which they relate, to take effect from the commencement of such period,

provided that no toddy shall be removed from the trees except during the currency of such license.

(9) No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Tree.	Tree-tax for each tree per annum including local cess Rs. a p
Date	1 1 0
Cocoanut..	2 2 0
Palmyra	1 9 6
Bagani or Sago palm .	1 9 6
Dadasal (Arenga wightii)	0 8 6

Note—The licenses will be free of tax to the Mysore Government in the cases specified in clause (1) *(b)* and *(c)* above.

(10) In addition to the above tax, tree-rent at annas 4 per tree per annum with local cess thereon shall be paid for all Government trees tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject of course to the levy by Government of tree-tax.

The amount shall be credited to the respective Departments concerned.

(11) The tree-tax and tree-rent (with local cess on both the items) shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct :—

Period within which license is applied for.	Proportion of tree-tax and tree-rent to be paid at the time of application for license.	Proportion of tree-tax and tree-rent to be paid before the end of the month following.
Between 1st July 1902 and 30th April 1903.	One-third ..	The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for be ten or less than ten, and of bagani and dadasal trees be five or less than five, the whole amount of tree-tax and tree-rent payable thereon, shall be paid with the application.
Between 1st May 1903 and 30th June 1903.	The whole ...	None.

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(*a*) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the Taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot for which it is intended, after having complied with all requirements of the Madras Government Rules.

(*b*) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(*c*) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department, for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees etc., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(*d*) The Inspector concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British officer to grant permits from the frontier on to the destination of the toddy.

(*e*) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the District, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Inspector of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be over-tapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than 3 feet from the ground except in places were permission is specially given.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

(17) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tapmen to enable Excise officers to examine incisions or spathes, as the case may be, or to measure the incisions.

7. In case of any breach of the aforesaid Rules or of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once; and all loss caused to Government by the cancelment of the license or by the re-sale or other disposal of the privilege, shall be made good by the licensee or his surety in the manner specified under para 3 above. All sums due shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of a deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

SALE OF ARRACK VEND FARMS FOR 1902-1903.

Notification No Ex. 15842-342, dated Bangalore, 22nd March 1902.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling arrack in the defined tracts specified in the appended * schedule for the twelve months beginning with 1st July 1902 and ending with 30th June 1903, will be put up to public auction at upset prices at the respective taluk kasbas, on the dates mentioned in the said schedule by the respective Deputy Commissioners, or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid from persons regarding whom the result of such enquiries is not satisfactory. No former lessee who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid.

3. (*a*) Parties intending to bid must attend either in person or by duly authorized agents.

(*b*) No person will be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or such other reasonable amount as may be fixed by the officer conducting the sale (provided that the Government may at any time dispense with such initial deposit).

(*c*) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(*d*) The successful bidder must, on the farm being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to $\frac{1}{3}$ths of a month's rent.

(*e*) Within 15 days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State or to be of doubtful solvency, he may be required to deposit twice the prescribed sum, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

(*f*) If he fail to make any of the deposits aforesaid, or to get the requisite surety or sureties, the deposits already made shall be forfeited, the farm shall be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm.

4. Re sales effected under para 3 shall be at the risk of the defaulting bidder, who shall forfeit all gain, and in the event of a loss by the re-sale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

*NOTE.—For Schedule, see *Mysore Gazette*, Supplement, dated 3rd April 1902.

5. The purchaser of the exclusive privilege of vend in each defined tract shall sign an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser of the terms of his agreement; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

6. The details of consumption of arrack in the shops of the existing farms and at depots, the amount of rental of each farm etc., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors, such as brandy, whisky, gin etc., manufactured at the Government Central Distillery, Bangalore, and which the foreign-liquor shop-keepers alone are permitted to sell at the prices fixed by themselves.

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasuries on printed chellans in equal monthly instalments commencing from July 1902. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase molasses arrack at 8½ annas per gallon of 20° U. P. from Messrs. Arbuthnot & Co., of Madras, who have been appointed manufacturers of arrack and other country spirits to the State, or from any Bonded Depot established under the sanction of Government. The licensees of the vend farms in the taluks of Chikmagalur, Koppa, Mudgere, Tarikere, Manjarabad and Belur can also purchase jaggory arrack from Bonded Depots in duly corked sealed bottles at Rs. 6-2-6 per gallon of 20° U. P. and sell such bottles only to respectable individuals at Rs. 7-7-0 per gallon of 20° U. P. or Rs. 1-3-10 per reputed quart bottle.

(*b*) The rates payable as above shall be in addition to excise duty which shall be prepaid into the Taluk Treasury or into any other Government Treasury with the permission of the Deputy Commissioner as per following condition (5), at Rs. $4\frac{3}{4}$ per gallon of 20° U. P. and proportionately for lower strengths, before the removal of the arrack from the distillery, or from any Bonded Depot established under the sanction of Government.

(*c*) The licensee shall sell molasses arrack to the public at Rs. 6-6-0 per gallon of 20° U. P. (*i. e.*, at annas 2 per dram, which is equal to $\frac{1}{51}$st part of a gallon) and at proportionate rates for lower strengths.

(5) (*a*) The licensee who obtains his supplies of arrack in his own vessels direct from the distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack at the aforesaid rates to the manufacturers or their agent, obtaining a receipt from him therefor, the officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury receipt, and he shall forward the Treasury receipt to the Excise Commissioner's office under his endorsement as to the date and hour when the arrack was issued; and he shall issue a rahadari in the prescribed form for the transport of arrack from the Distillery.

(*b*) The licensee who gets his supplies from a Bonded Depot, shall pay both the price and duty into the Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depot-keeper shall issue the quantity of the arrack covered by the amount of price and duty shown in the Treasury receipt, which shall be dealt with as laid down in the last preceding clause.

(*c*) The arrack issued to the licensee's shops shall be covered by the prescribed permits.

(6) The licensee who obtains his supplies of arrack from a Bonded Depot will not be required to open his own depot, or to provide himself with his own casks. In such cases the Government transporting contractor, his agent or servants shall convey such licensee's supplies of arrack from the Distillery, and deliver the same to him or to the shop-keepers under him in the said Bonded Depot. Provided, however, that in the event of the licensee pre-paying the duty and price of the whole contents of any casks received from the Distillery, he will be at liberty to distribute the whole quantity at once to his shops, or to remove it in his own vessels to any depot which he may open within his farm under the Deputy Commissioner's license, and issue therefrom the requisite supply to his shops. He shall be bound to keep in the Bonded Depot or in his own Depot, if any, such stock of arrack as may be ordered by the Excise Commissioner.

(7) With the consignments of arrack from the Distillery or Bonded Depot to Farm Depots, as well as with those from Farm Depots or Bonded Depots to shops, sample bottles shall be issued in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depots or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depot, and shall not be adulterated or diluted in any manner whatever.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The rahadaris or passes issued with the arrack purchased by him shall be subject to examination and check under the rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the taluk within which his farm is situated, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the taluk, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any districts of the Madras or Bombay Presidency under the British Government or any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1902 in the Bonded Depot or in his Farm Depot, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise Laws in force, and by any additional rules which may from time to time be prescribed under the Excise Laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farm shall not be transferable except with the permission of the Excise Commissioner.

(15) The Deputy Commissioner shall grant to each shop under the licensee, a license in the prescribed form.

(16) Resignations of farms in whole or part shall be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or for such neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license, and re-sell the exclusive privilege or to otherwise dispose of it, at the risk of the licensee, or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1902, shall be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the Excise Laws or other law for the time being in force.

SALE OF SEPARATE ARRACK SHOPS FOR 1902-1903.

Notification No. Ex. 15843-343, dated 22nd March 1902.

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the appended *schedule, for the twelve months beginning with 1st July 1902, and ending with 30th June 1903, will be put up to public auction at upset prices, by the respective Deputy Commissioners or by Revenue Sub-Division Officers or by Divisional Officers of the Excise Department or Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates and at the places mentioned in the said schedule. If the sales are not completed on abovenamed days, they will be continued on the next following days.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or

*Note.—For Schedule see *Mysore Gazette*, Supplement, dated 3rd April 1902.

reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders, if not forfeited as hereinafter provided, will be returned to them at the close of the sale. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. If he fail to make any of these deposits or to get the requisite surety or sureties, the deposits already made will be forfeited, the shop will be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from bidding again for the same or for any other shop.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by re-sale, he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days abovementioned, take out licenses and execute agreements in the prescribed form, binding themselves and so much of their movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by them of the terms of their agreement. On the failure of any person to take out licenses or to execute agreements as aforesaid, all deposits already made shall be forfeited, the shop or shops shall be re-sold at the risk and loss of such person, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop etc., for several years past are specified in the appended schedule.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of arrack ordinarily of 20° the strength of under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors such as Brandy, Whisky, Gin etc., manufactured at the Government Central Distillery, Bangalore, and which the foreign-liquor shop-keepers alone are permitted to sell at the prices fixed by themselves.

(2) (*a*) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury, in equal monthly instalments, commencing from July 1902. Each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by

record in writing, that the license is forfeited, and proceed to re-sell the separate shop as soon after the last day of the month as may be possible.

(*b*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. Provided, however, that where the separate shop is re-sold the deposit shall, at the discretion of the Deputy Commissioner, be either forefeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the shop. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of Land Revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*c*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(3) (*a*) The licensee shall purchase Molasses Arrack at $8\frac{1}{2}$ annas per gallon of 20° U. P. from Messrs. Arbuthnot and Company of Madras, who have been appointed manufacturers of Arrack and other country spirits to the State, or from a Bonded Depôt established under the sanction of Government. He can also purchase Jaggory Arrack from the Bonded Depôt in duly corked sealed bottles at Rs. 6-2-6 per gallon of 20° U. P. and sell such bottles only to respectable individuals at Rs. 7-7-0 per gallon of 20° U. P. or Rs. 1-3-10 per reputed quart bottle.

(*b*) The licensee shall sell Molasses Arrack to the public at Rs. 6-6-0 per gallon of 20° U. P. (*i.e.*, at annas 2 per dram, which is equal to $\frac{1}{51}$st part of a gallon) and at proportionate rates for lower strength.

(4) The licensee of every shop in the towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all Arrack sold by him in excess of 55 gallons a month in each such shop.

(5) The above rates to be charged by the manufacturers, and the above fee are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. 4-12-0 per gallon of 20° under-proof, and proportionately for lower strengths, before the removal of the Arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a special shroff appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays, and shall obtain a receipt in the prescribed printed form. On production of such receipt, and an indent for the supply of the Arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of Arrack equal to the amount of duty shown in the said receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of Arrack from the Bonded Depôt. He shall also issue sample bottles with the consignments in such manner as may be ordered by the Excise Commissioner.

(7) The licensee shall be bound to take over any Arrack which may remain as stock in hand belonging to the out-going licensee on 1st July 1902, in the shop, paying him such compensation for the same as may be fixed by the Excise Commissioner.

(8) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Arrack, which forms shall be purchased from local Excise officers.

(9) The shop shall not be transferable except with the permission of the Excise Commissioner.

(10) Resignation of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(11) The licensee shall be bound by the provisions of the Excise Laws and Rules in force and by any additional rules which may, from time to time, be prescribed under the Excise Laws.

(12) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee or, with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop, or to carry on the business of his shop with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or for such neglect, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and re-sell the shop or to otherwise dispose of it at the risk of the licensee, or to place the shop under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shop on 1st July 1902, shall be made good by him. When a shop is cancelled, the rent for the whole period of the shop shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding para shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the Excise Laws or other Law for the time being in force.

By Order,

Secy. to Govt., Gen. & Rev. Depts.

PETITION

Proceedings of the Government of Mysore,

READ AGAIN—

Para 2 of Government Proceedings No. 9150-57—Pet. 934, dated 12th June 1899, requesting the Deputy Commissioners of Districts to submit their views on the proposed ruling that chits should be obtained from the patel of the village before removing the areccanut produced therein.

READ—

Correspondence ending with letter No. 735—591, dated 4th March 1901, from the Deputy Commissioner, Shimoga District, submitting a draft of a Sayer Regulation and Rules thereunder.

No. 1728-35--P. F. 26-99, DATED BANGALORE, 4TH MARCH 1902.

ORDER THEREON.—There is a general consensus of opinion that the system in vogue in the Malnad of Kulwar chits being granted by patels to cover supari in transit to the katte where Rahadaris are issued, should be adopted in other districts also. The Government accordingly sanction the adoption of this measure throughout the State.

2. The present Deputy Commissioner of Shimoga District will be requested to deal with the general question of revising the Sayer forms and accounts and to bring the subject to the notice of the 1st Councillor when he visits that district.

Appeal No. 13 of 1901-02.

Appellant	*versus*	Respondent
Gauda Murigappa and 8 others of Kolenahalli, Davangere Taluk.		Kotrappa of Kolenahalli, Davangere Taluk.

Subject.

Appeal against the order of the Deputy Commissioner, Chitaldrug District, granting two plots of alluvial land in Kolenahalli to the respondent.

Facts of the case.

Two plots of land measuring 2 acres and 19 guntas and 3 acres and 2 guntas, respectively, and formed by alluvion on the left bank of the Shagalehalla close to S. Nos. 1 and 27 of Kolenahalli, Davangere Taluk, were granted by the Deputy Commissioner, Mr. M. S. Narayan Rao, for cultivation to the respondent in March 1901, for a price of Rs. 10. In making the grant, the Deputy Commissioner observed that the respondent, who was occupant of the adjoining land S. No. 1, was entitled to get the lands, and that his claim had been further strengthened by his having sustained a loss of $6\frac{1}{2}$ acres by diluvion in S. No. 30, situated on the opposite bank of the stream. Against the above order, Mariyappa, holder of S. No. 27, and Gauda Murigappa (co-holder of S. No. 1), as well as 7 other raiyats of the village,

who had been fined in previous years for unauthorizedly cultivating the lands in question, have jointly appealed to Government. The present Deputy Commissioner, Mr. M. Narayan Rao, reports that the respondent is not the occupant of S. No. 30 and is not therefore entitled to compensation for diluvion in that number.

Decision.

The case is clear. Under the provisions of Section 61 of the Land Revenue Code, the holders of S. Nos. 1 and 27, on the banks of which the alluvion has been formed, are primarily entitled to the right of occupancy thereof. The plots marked A and B in the sketch submitted with the records, and measuring 2 acres and 19 guntas and 3 acres and 2 guntas will accordingly be added on to S. Nos. 1 and 27, respectively, the upset price being fixed by the Deputy Commissioner, under Section 61 above referred to.

2. Appeal allowed.

No. 1727—P. F. 40-01, DATED BANGALORE, 4TH MARCH 1902.

Copy of the above is forwarded to the Deputy Commissioner, Chitaldrug District, together with the records received with his letter No. 328, dated 15th October 1901.

V. P. MADHAVA RAO, ESQ., C.I.E.,

AND

C. SREENIVASIENGAR, ESQ.

Appeal No. 10 of 1901-02.

Appellant		Respondent
Ramaswamaiya.	*Versus*	Lingarasaiya.

Appeal against the order of the Deputy Commissioner, Tumkur District, declining to evict the respondent from the service lands attached to the shanbhogi office of Talgunda firka, Sira Taluk, and place the appellant in possession thereof.

Facts of the Case.

In 1883 Lingannaiya, the registered shanbhog of Talagunda firka, Sira Taluk, having become incapacitated for work, the office was registered in the name of his brother Ramaswamaiya (appellant). As the appellant was minor at the time, the respondent Lingarasaiya, who is a sharer in the shanbhogi hak, was appointed as gumasta and came into possession of the shanbhog service lands. In November 1889, Lingannaiya formally relinquished the service lands in favor of Lingarasaiya, and the relinquishment was given effect to from 1893-94.

2. In 1896 the appellant having attained his majority, was placed in possession of the shanbhogi office. The respondent having refused to part with the shanbhogi service lands, the appellant complained to the Amildar, who evicted the respondent and gave the lands to the appellant. On appeal, the Deputy Commissioner cancelled the Amildar's order and allowed Lingarasaiya to continue in possession of the lands.

3. Hence the present appeal.

Decision.

The respondent Lingarasaiya is a sharer in the shanbhogi hak and has been in possession of the shanbhogi service Inam lands at least from 1883. The khate was resigned in his favor in 1889 by Lingannaiya, brother of appellant, in whose name the registry of the lands then stood. The Government do not see reason to disturb his possession. The lands do not form part of the remuneration of the officiator.

2. Appeal disallowed.

No. 1722—P. F. 39-01, DATED BANGALORE, 4TH MARCH 1902.

Copy of the above is forwarded to the Deputy Commissioner, Tumkur District, together with the vernacular records received with his letter No. 511, dated 20th November 1901.

Appeal No. 7 of 1901-02.

Appellant Rukmaniamma. *versus* **Respondent** Ramaiya.

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, directing the registry of the shanbhogi office of Annasagara and Amanikere villages, Bowringpet Taluk, in the name of the respondent.

Facts of the Case.

Venkatanarnappa, brother of the respondent, was the registered shanbhog of Annasagara and Amanikere villages, Bowringpet Taluk. He died in 1890 and the shanbhogi office was thereupon registered in the name of his minor adopted son Narnappa; the respondent, who was the natural father of Narnappa, being appointed as gumasta.

2. Early in the year 1901 Narnappa died leaving a widow (the appellant) and in February of the same year the respondent applied to the Deputy Commissioner for the registry of the shanbhogi office in his name on the grounds that he and his brother Venkatanarnappa were undivided and that the appellant was under his protection.

3. The Deputy Commissioner having passed an order accordingly, the appellant prefers an appeal against this order and represents that the respondent having been adopted into another family has no right whatever to the shanbhogi.

Decision.

The parties having come to a mutual agreement and filed a razinama in Court on the day of hearing, the shanbhogi baraward will be entered in the name of the appellant, the respondent being her gumasta.

Referred Case No. 15 of 1901-02.

Facts of the Case.

The assessment for 1899-1900 on Survey No. 11, measuring 9 acres and 24 guntas and assessed at Rs. 8 of Parvatapura village, Magadi Taluk, having fallen into arrear, the land was after the usual preliminary processes sold by public auction on 26th May 1900, to one Subba Setti for Rs. 10-4-0. The Amildar having reported that there was no irregularity in the sale proceedings, the Assistant Commissioner in charge of the taluk confirmed the sale on 27th July 1900.

2. Later on, *i. e.*, on 13th January 1901, the Amildar reported to the Assistant Commissioner that one Rajadoddananjappa who was the mortgagee of S. No. 11 of Parvatapura village had applied on 13th April 1900 for special registry of his interest in this as well as other lands, that he had been directed on 24th April 1900 to give fuller particulars in regard to the several lands and that the subsequent petition, dated 30th May 1900, in which he furnished the fuller details had not been

brought to notice by the Taluk gumasta at the time of sale. The Assistant Commissioner who considered at first that the application for special registry had been made after the sale and that there was therefore no reason to cancel the sale subsequently modified his opinion on the ground that the petition, dated 30th May 1900, was a continuation of the first petition, dated 13th April 1900, and recommended to the Deputy Commissioner that the sale might be cancelled. The Deputy Commissioner who is also of the same opinion solicits the sanction of Government to the cancelment of the sale and reports that the Taluk gumasta responsible for the temporary suppression of the petition, dated 30th May 1900 from Rajadoddananjappa, has been fined.

Decision.

Rajadoddananjappa did not give notice of his interest and ask for the registry of his name in proper time, and before the date either of the accrual of the demand, or of the issue of notice. His application, dated 13th April 1900 was not sufficiently definite. He was required by the Amildar's order, dated 24th April 1900, to furnish full information in regard to the several lands mortgaged to him and he took more than a month to comply with the requisition, and the application for special registry could not therefore be considered complete till 30th May 1900, before which date the land had been forfeited and sold.

2. The provision of law relied upon is an exceptional one and the party interested is expected to show reasonable promptitude in case he wishes to avail himself of it. This not having been done, the forfeiture and sale ordered in this case were quite in accordance with law and no case for interference has been made out.

3. In these circumstances the Government decline to interfere.

No. 1739—P. F. 41-01, DATED BANGALORE, 5TH MARCH 1902.

Copy of the above is forwarded to the Deputy Commissioner, Bangalore District, together with the records received with his letter No. 565, dated 15th November 1901, and with the observation that he had himself power to revise the Assistant Commissioner's order under Section 217 of the Land Revenue Regulation and that his object in referring the matter to Government is not clear.

Appeal No. 11 of 1901-02.

Appellant		Respondent
Haligegowda.	*Versus*	Mudlagirigowda.

Subject.—Appeal against the order of the Deputy Commissioner, Tumkur District, appointing the respondent as the patel of the Dakhle village of Tangachihalli, Kunigal Taluk.

Facts of the Case.

In November 1889, the respondent Mudlagirigowda claimed the registry of the pateli office of Tangachihalli attached to the Inam village of Chikmavattur now under the management of Government. In the enquiry that followed, one Timmegowda, a cousin of the respondent, at first opposed and then admitted the claim, while the appellant Haligegowda, who is the patel of the Ash village of Chikmavattur, contended that the pateli hak of Tangachihalli had always belonged to his family and should therefore be registered in his name. The Assistant Commissioner in charge of the taluk was of opinion that, though in the Barabaluti Register of 1863, Honnaligegowda, the grandfather of the appellant, was shown as the patel of the Dakhle village, the respondent had been admittedly in possession of the pateli office for the past 20 years, and that the office should therefore be registered in his name. The Deputy Commissioner, concurring in this opinion, ordered accordingly.

Decision.

The respondent's right to the pateli of the Dakhle village and his alleged long enjoyment thereof have not been satisfactorily established. That being so, and apart from the general question whether the patel of a Dakhle village is entitled either to

be continued as such in spite of the amalgamation of that village with its Asli village or to his being entered as a hakdar entitled to come in on the extinction of the family of the patel of the principal or Asli village, Government are of opinion that the decision appealed from and which is based somewhat upon an admission by the appallent which is non-existent is erroneous and ought to be reversed. The appeal is allowed and the needful orders should be issued accordingly.

Appeals Nos. 5 and 14 of 1901-02.

Appellant	*versus*	Respondent
Appeal No. 5 Subraya.		Parvatamma.
Do No. 14 Parvatamma.		Subraya.

Facts of the Case.

1. Subbaiya, registered shanbhog of Nerle village, Nanjangud Taluk, died in 1866 leaving a widow Parvatamma. As she was then pregnant, the Deputy Commissioner directed that pending the birth of a male child, the shanbhogi office should be temporarily registered in the name of Subraya, a son of Subbaiya's sister, and that one Lingappaiya should be appointed as gumasta. Parvatamma gave birth to a daughter and the arrangement made by the Deputy Commissioner in 1866, continued till October 1895, when Lingappaiya died. Parvatamma having then asserted her claims to appoint a gumasta of her own and to dismiss the gumasta selected by Subraya, the Deputy Commissioner disallowed her claim on the ground that she was not the registered hakdar.

2. Against the above order, Parvatamma appealed to Government who in their Proceedings No. 1993—P. 821, dated 30th November 1896, confirmed the order of the Deputy Commissioner subject to the payment of Rs. 40 by Subraa to Parvatamma out of the potgi

3. In January 1897 Parvatamma brought a suit in the Court of the 2nd General Assistant Commissioner for a declaration of her right to the shanbhogi office and for having her name registered in the baraward in lieu of that of Subraya. The Assistant Commissioner passed a decree in the terms of the plaint. On appeal the Deputy Commissioner modified the Assistant Commissioner's decree by declining to transfer the registry from the name of Subraya to that of Parvatamma but decreed that Parvatamma should be allowed to select her own gumasta.

4. Against the above decree, both parties have appealed to Government. Parvatamma urges that the registry of both the shanbhogi office and its service inam lands should be transferred to her name, while Subraya represents that so long as he is the registered hakdar, Parvatamma should not be allowed to nominate a gumasta.

Decision.

(1) Government see no reason to change the baraward either of the shanbhogi or of the inam lands attached thereto.

(2) The appellant and the respondent may be called upon to nominate a gumasta. If they will not agree to nominate a man approved by the Deputy Commissioner, he may appoint a gumasta himself.

(3) Government will not disturb the person now doing the duties of gumasta if he is satisfactory to the Deputy Commissioner.

Government Proceedings No. 3134-42—P. F. 33-98, dated 2nd November 1898, requesting the Deputy Commissioners of Districts to report when potgi settlement was introduced into each taluk and whether any settlement appointing a separate officiator for each firka was recorded at the time.

READ the following replies thereto :—

(1) *Letter No. 577, dated 17th May 1899, from the Deputy Commissioner, Kadur District.*

In reply to Government Order No. 3134-42—Pet. F. 33-99, dated the 2nd November 1898, I beg to state that the potgi settlement was introduced into the several taluks of the district in the year 1886-87, and that at the same time separate officiator shanbhog was appointed for each firka in all the Taluks. But in a few instances more firkas than one have, however, been allowed to be in charge of one and the same officiator.

2. All the Amildars report that no records of any settlement appointing a separate officiator for each firka, are forthcoming although a thorough search was made therefor in the Taluk records and the same is the result of the search made in the District records.

3. I beg therefore to suggest that the matter may be referred to the Superintendent of Revenue Survey, who, I think, as Settlement Officer, may be able to furnish the required information together with records, if any, relating thereto.

4. My present report had to be delayed for collecting information leading to the finding out of the settlement records in question and I regret that it was after all of no avail.

(6) Letter No. 442—422, dated 26th December 1899, from the Deputy Commissioner, Chitaldrug District.

With reference to Government Proceedings No. 3134-42—Pet. F. 33-98, dated 2nd November 1898, calling for certain information regarding the appointment of a separate officiator for each shanbhogi firka, I have the honor to state that the potgi settlement was introduced into the several taluks of the district on the dates noted against them in the margin.

Chitaldrug	1877-78	Davangere	1877-78
Challakere	Do	Jagalur, January	1879
Hiriyur	1877	Molakalmuru	1877-78
Holalkere	Do		

The Amildars of Taluks report that, at the potgi settlement, a separate officiator was appointed for each firka and that all such appointments have been recorded in the potgi registers. But there are at present some cases in almost every taluk where either one officiator has more than one firka or one firka is in charge of more than one shanbhog. These changes had to be made from time to time since the Potgi settlement to facilitate the performance of duties by shanbhogs. I am investigating these cases and trying to restore the integrity of the potgi settlement.

(7) Letter No. 988, dated 8th April 1901, from the Deputy Commissioner, Mysore District.

1. Adverting to Government Proceedings No. 3134-42—Pet. F. 33-98, dated 2nd November 1898, calling for a report as to when potgi settlement was introduced into each taluk and whether any settlement appointing a separate officiator for each firka was recorded at the time, I have the honor to submit herewith a statement showing the date when potgi settlement was introduced into each taluk and the number of shanbhogs' charges for which separate officiators have yet to be appointed.

2. From the reports submitted by the Amildars, it would appear that on receipt of lists from the Survey Department showing the total number of shanbhogi charges comprised in each taluk and the name of each firka or charge, no formal settlement was recorded at the time in the matter of appointing a separate officiator for each firka. But as per reports submitted by the Amildars in reply to circular orders issued to them pursuant to the directions conveyed in Government Proceedings No. 2821-9—R. 903, dated 14th September 1897, it would appear that separate officiators have been appointed to many of the shanbhogi scales in each taluk and that the matter is still pending disposal only in the case of a few firkas as shown in the accompanying statement, in which notices have been issued to hakdar shanbhogs to produce competent officiators for the additional charges held by them.

3. The plea generally adduced by the Amildars for not rigidly enforcing the Potgi Rules regarding the redistribution of shanbhogs' charges, is the difficulty experienced by them in finding competent officiators for the several surplus shanbhogs' charges. Amildars have, however, been strictly enjoined to use their utmost endeavours in this direction and see that every additionalcharge is held by a separate officiator. A copy of the circular order issued on the subject is herewith submitted for the information of Government.

(8) *Letter No. 283, dated 16th September 1901, from the Deputy Commissioner, Tumkur District.*

1. Referring to Government Proceedings No. 3134-42—Pet. F. 33-98, dated 2nd November 1898, and subsequent reminders inquiring—

(1) when potgi settlement was introduced into each taluk and

(2) whether any settlement appointing a separate officiator for each firka was recorded at the time of potgi settlement,

I have the honor to note in the margin the year of potgi settlement in the case of each taluk.

		Year of settlement part in
1	Tumkur Taluk	1877-78 1886-87 1888-89
2	Maddagiri	1886-87
3	Chiknayakanhalli	1885-86
4	Sira	1880-81
5	Gubbi	1878-79 1887-88 1888-89
6	Tiptur	1886-87
7	Pavagada	1878-79
8	Kunigal	1893-94
9	Koratagere Sub-Taluk (revised)	1898-99
10	Huliyar	1875-76
11	Turuvekere	1889-90

2. With reference to query 2, I beg to state that, after the settlement of potgi by the Survey Department, the settlement by the Revenue Department of the appointment of a separate officiator for one or more firkas was effected under the Potgi Rules in the case of only the undermentioned taluks:—

1 Tumkur.
2 Gubbi.
3 Sira.
4 Pavagada.
5 Huliyar Sub-Taluk.

3. Similar records in the case of the other taluks not being forthcoming, it is presumed that no such settlement has taken place. The statistics collected till now in this connection were found incomplete for submitting my final report, as well on this subject, as also with reference to the Government Proceedings No. 2821-3—903 of the 14th September 1897, *re* the appointment of a separate shanbhog for each firka and separate patel for each village; and I have, therefore, called for detailed information from all the taluks with regard to shanbhogs of single firkas and patels of single villages. This is in addition to the statistics already obtained from the taluks in respect of single shanbhogs having more than one firka in their charge.

4. After collecting full information on the subject, I propose to complete the settlement of the appointment of shanbhogs and patels in accordance with the provisions of the Potgi Rules.

Proceedings of the Government of Mysore,

READ—

Note, dated 27th February 1902, by the Deputy Conservator in charge, Office of Conservator of Forests and Secretary to Government, Forest Department, regarding the management of sale depôts in the Mysore District.

No. 577-8—3095-6, DATED BANGALORE, 6TH MARCH 1902.

ORDER THEREON.—There are eight sale depôts in the Mysore District under Departmental management, of which two *viz.*, Mysore and Nanjangud, are large ones in which materials worth several thousands of rupees are disposed of annually, and the rest are minor ones in which the realizations range only from Rs. 1,550 to Rs. 3,640. In addition to the eight depôts there is one trial depôt at Santomaranahalli in the Chamrajnagar Taluk, managed under the commission system. It was opened in July last and Mr. Muthannah states that the experience gained there proves that the minor depôts could be managed more economically on the same lines. He therefore proposes to place these minor depôts under the commission system and to transfer the establishment attached to them to forests. The cost of managing these depôts is reported to be very high and out of all proportion to the income derived, as, taking the retail sales only, the establishment charges range from Rs. 33·54 per cent to 9·32 per cent on the sale proceeds, while it could be reduced to $6\frac{1}{4}$ per cent under the commission system.

2. The Deputy Conservator's proposals are to place each of the minor depôts in charge of a respectable merchant or other suitable person, who will be required to furnish substantial security in cash and to give him a commission of $6\frac{1}{4}$ per cent on the amount of the retail sales and $3\frac{1}{8}$ per cent on that of the auction sales.

The commission agent will be required to maintain all the registers and accounts that are now in force or those that may be introduced hereafter, sell the materials at sanctioned rates, credit the sale proceeds twice a month or oftener, if necessary, into the Treasury and render an account of the transaction monthly. The Range Officer or one of his assistants will inspect the depôt at least once a month, check the stock and measurements and satisfy himself that everything is above board and in perfect order. Under this system an increase of sales and a decrease of establishment charges are anticipated.

3. The scheme promises to be a success and Government approve of its being tried in the Mysore District tentatively for a year at the end of which the results achieved should be reported for further orders.

The following Note by the Deputy Conservator in charge, Office of the Conservator of Forests and Secretary to Government, Forest Department, dated 1st March 1902.

NOTE.

"The appended statements A and B show the total quantity of sandalwood exposed for sale at the various kotis at the last auction sales, the quantity actually sold, the amount realised, the quantity that remained in hand after the sales, and the rate per ton obtained for each class of wood as compared with that obtained at the sales of 1900.

2. As notified in the Gazette, the sales commenced on this occasion in the Shimoga District and concluded in the Mysore District on the dates noted below :—

(1) Tirthahalli koti 18th November 1901.
(2) Sagar koti 22nd November 1901.
(3) Shimoga koti 27th November 1901.
(4) Chikmagalur koti 2nd December 1901.
(5) Hassan koti 6th December 1901.
(6) Bangalore koti 10th December 1901.
(7) Seringapatam koti 13th December 1901.
(8) Hunsur koti 16th December 1901.

3. At Tirthahalli the quantity exposed for sale was 152 tons, 8 cwts. and 14 lbs. of the Shimoga District, and 7 tons, 19 cwts. and 10 lbs. of the Kadur District, the amounts realised being respectively Rs. 76,084-2-2 and Rs. 3,884-6-6, at an average price of Rs. 498 per ton as compared with the previous year's rate of Rs. 461. The District Forest Officer reports that he average of this year may be considered good, the rates secured for all the classes, except toots and saw dust, being the highest on record in this koti. The attendance is said to have been good and competition fairly brisk.

4. At Sagar, 244 tons, 13 cwts. and 28 lbs. were offered for sale, of which 190 tons, 12 cwts. and 28 lbs. were sold for Rs. 87,730-0-6 at an average rate of Rs. 460 per ton as compared with the previous year's rate of Rs. 456. The District Forest Officer reports that there was absolutely no competition for roots among the European Firms and that in consequence 54 tons and 1 cwt. were withheld which will be disposed of by tenders.

5. At Shimoga, the total quantity of wood exposed for sale was 400 tons, 2 cwts. and 56 lbs. of the Shimoga District, 8 tons, and 14 lbs. of the Chitaldrug District, and 11 cwts. of the Kadur District. Out of the Shimoga District wood, 373 tons, 7 cwts. and 56 lbs. were sold for Rs. 1,70,473-6-10 and out of the Chitaldrug District wood 7 tons and 2 cwts. were sold for Rs. 3,070-7-9 at an average rate of Rs. 456 per ton against Rs. 490 of the previous year. The Kadur wood which consisted entirely of roots was not sold at all. The quantity remaining unsold will be disposed of by tenders. The average rate obtained is fair, but not as good as that of last year. There was no competition for roots among the buyers.

6. At Chikmagalur, the quantity exposed for sale was 160 tons and 1 cwt. The whole quantity was sold for Rs. 78,649-8-0 at an average rate of Rs. 491 per ton against Rs. 493 of last year. It is reported that competition was somewhat keen, and the rates secured on the whole were fair.

7. At Hassan, the quantity exposed and sold was 250 tons which realised a sum of Rs. 1,13,105-8-1 giving an average price of Rs. 452 per ton against Rs. 394 of the previous year. The District Forest Officer reports that 15 merchants were present at the sale; that the bids for all classes, except roots were good, that competition was brisk, and that even for roots the accepted bids were above the minimum rates, though considerably less than those of last year.

8. At Bangalore, the wood of three districts, *viz.*, Bangalore, Kolar and Tumkur was sold. The total quantity sold was 134 tons, 17 cwts. and 71 lbs. realising a sum of Rs. 63,562-9-9 and giving an average of Rs. 471 per ton as against Rs. 379 of last year. The District Forest Officer reports that the attendance of bidders was fair. The increase of 24 per cent in the average rate over that of last year is a matter for gratification.

9. At Seringapatam, out of a total quantity of 336 tons and 18 cwts. exposed for sale, 263 tons and 14 lbs. were disposed of for Rs. 1,21,161-13-10 at an average rate of Rs. 460 per ton against Rs. 328 of the year 1900, the increase being 40 per cent. The quantity remaining unsold consists of roots which will be disposed of by tender. The District Forest Officer reports that there were nine bidders; that the bidding was dull for the higher classes and brisk for the lower classes; and that the rates fetched were on the whole good.

10. At Hunsur, 361 tons, 5 cwts. and 63 lbs. were sold out of a total quantity of 375 tons, 15 cwts. and 63 lbs. exposed for sale, and the sum realised amounted to Rs. 1,76,816-8-9 at an average rate of Rs. 489 per ton as compared with Rs. 372 of the previous year, the increase being 31 per cent. The unsold quantity will be disposed of by tenders. The District Forest

Officer reports that there were ten bidders and that competition among them was brisk except for roots, of which only the Kanouj merchants purchased a limited quantity. The rates obtained were very good especially for all the classes other than the first three.

11. The total quantity sold in all the eight kotis amounted to 1900 tons, 13 cwts. and 32 lbs. realising a sum of Rs. 8,94,538-8-2 at an all round average rate per ton of Rs. 470 against Rs. 428 of the previous year. It may be noted that the average rate of the past year is based upon the average of the auction sale and of the private sale to the East India Association, Limited. The highest average of Rs. 498 was secured at Tirthahalli, next comes Chikmagalur with Rs. 491 and Hunsur comes third with Rs. 489. The balance of the unsold quantity amounts to 170 tons and 13 cwts. As already observed, this quantity consists almost exclusively of roots for which tenders have been invited, and it is hoped that about Rs. 90,000 will be realised therefrom. Inclusive of this sum, the total sale proceeds amount to a sum of Rs. 9,84,538 as against the budget provision of Rs. 8,31,000 for a quantity of 2,000 tons.

12. The following figures compare the general average rate secured for each class at the sales with those of 1900 :—

Description of wood.	Average for 1901.	Average for 1900.

It will thus be seen that with the exception of panjam, roots and saw dust, all other classes fetched better rates than at last year's sales.

13. The stock of chips etc., amounting to 508 tons, 1 cwt. and 14 lbs. which was reserved at the previous year's sale under Government orders for delivery to the East India Association, Limited, was made over to the Company's agent during the year, and a sum of Rs. 90,182-10-7 was realised therefor. Statement C appended shows the classes and quantity of wood sold to the Company and the amount realised for each class.

No. 590-8—3155-63, DATED BANGALORE, 11TH MARCH 1902.

ORDER THEREON.—The Government note with satisfaction the results of the last auction sales which, notwithstanding the fact that the bulk of the roots was left unsold, compare favorably with those of the previous year. The total quantity sold at the auctions of November and December 1901, was 1900 tons, 13 cwts. and 32 lbs realising a sum of Rs. 8,94,538-8-2 at an all round average rate of Rs. 470 per ton. The average of the previous year was Rs. 428 per ton inclusive of the amount realised by private sale of wood to the East India Association, Limited. The balance unsold amounts to 170 tons and 13 cwts. which Mr. Muthannah proposes to sell by tenders which he has already invited. Estimating the value of the unsold stock at Rs. 90,000 the total realisations amount to Rs. 9,84,538 which exceed the amount budgetted for by over a lakh.

2. Government also note with pleasure that their transaction with the East India Association in the matter of the sale of Sandalwood for the proposed Sandal-oil Distillery, though involving much trouble and time, did not result in any loss.

The Comptroller to the Government of Mysore.

Letter No. 1105, dated Bangalore, 28th February 1902, from C. L. S. Russell, Esq., I.C.S., First Assistant to the Resident in Mysore, to the Dewan of Mysore.

With reference to correspondence ending with letter No. 162—868, dated the 24th August 1901, from the Secretary to the Government of Mysore, Forest Department, I am directed to forward, for the information of the Durbar, a copy of a letter Circular No. 3-214—8, dated the

21st January 1902, from the Government of India in the Department of Revenue and Agriculture, on the subject of water-supply in State Forests and grazing grounds.

ENCLOSURE TO THE ABOVE.

Copy of Circular No. 3-214—8, dated Calcutta, the 21st January 1902, from the Government of India in the Department of Revenue and Agriculture, on the subject of water-supply in State Forests and grazing grounds.

1. In Circular No. 22 (Famine), dated the 30th September 1899, Local Governments and Administrations were asked for opinions as to the need and practicability of measures to maintain a regular supply of water in State grazing lands, the utility of which suffered, especially in time of famine, from the liability of the water-supply to fail during the hot weather months. In most instances the replies received convey much information of a general character, but formulate no definite proposals for dealing with this question.

2. Rivers and streams are naturally the ordinary watering places for cattle within the forest grazing reserves. Shallow streams, however, commonly run dry in the spring, and in famine years the larger streams fail also. But, save in localities where water is close to the surface, water is generally procurable without difficulty by sinking *kacha* wells in stream beds, and the people commonly have recourse in ordinary years to this means of procuring water. Where streams are distant, the sub-soil water can generally be tapped by wells as easily in forest as in cultivated lands, provided that there is a sub-soil to hold water; and in places where the soil is retentive, small tanks can often be made with advantage. The Government of India are of opinion that the improvement of the ordinary water-supply in grazing areas is a proper function of the Forest Department, and that where grazing areas are included in working-plans of forests, provision for the adequate supply of water in them should always receive careful attention. Most of the works that will be required to be taken up in this connection would be of a petty description, and as they would be needed to improve the value of the grazing in ordinary years as well as in times of famine, it appears to the Government of India that their cost may fairly be charged to Forest Budget Grants.

3. I am therefore directed to request that, with the permission of the Governor in Council (His Honour the Lieutenant Governor) * * instructions may be issued to Conservator of Forests in * * to keep in view the desirability of securing an adequate supply of water for the drinking of the cattle which are pastured in State Forests and to undertake, or submit definite proposals for the execution of such works as from time to time may seem to be required for this purpose.

MEMO No. 599-608—3174-83, DATED BANGALORE, 12TH MARCH 1902.

Copies communicated to the Chief Engineer in Mysore, Military Assistant in charge, Amrit Mahal Department, and Deputy Commissioners of Districts, for information in continuation of this office No. 179-88—933-42, dated 31st August 1901.

By Order,

(1) Note, dated 20th December 1901, by Mr. Pigot, Conservator of Forests and Secretary to Government, Forest Department, submitting proposals for the issue of Nomad grazing licenses for horned cattle.

(2) Note, dated 27th February 1902, by Mr. Muthannah, B. E., Deputy Conservator in charge, office of Conservator of Forests in Mysore and Secretary to Government, Forest Department, on the same subject.

No. 633-41—3286-94, DATED BANGALORE, 18TH MARCH 1902.

ORDER THEREON.—At the Dasara Representation Assembly held in October 1901, a representation was made that a license to graze should not run, as at present, for one forest or locality, but should be valid for a number of forests, and that the present rates charged on each head of cattle should be reduced. In reply, the Representative Members were informed that the rates could not be reduced as the receipts therefrom were already insufficient to meet the cost of the watching establishment.

2. It has, however, been brought to the notice of Government that the present rates are not uniform. Neither do they appear to have been regulated on any uniform principle. The sheep in Shimoga has to pay more than in the other districts, while

for cows and oxen the rate is very much less. The obligation to take out a fresh grazing license for each State Forest at the ordinary rate operates hardly not only on Nomadic tribes and cattle breeders, but also on others, especially when State Forests adjoin one another or when a village is situated in the proximity of several State Forests.

3. Government are therefore of opinion that the rates ought to be made uniform throughout the State; that provision should be made for the issue of Nomad licenses; that the rates proposed by Mr. Muthannah, both for ordinary and Nomad licenses are very fair; and that there need be no separate rate for calves, such of them as are under one year being allowed free and the others dealt with as cows, oxen and buffaloes, as the case may be. They are accordingly pleased to direct that in supersession of all previous orders on the subject, the following notification be issued prescribing the rates chargeable and making them applicable throughout the State.

NOTIFICATION.

No. 642—3295, dated 18th March 1902.

In supersession of all previous orders on the subject, Government are pleased to direct that fees at the following rates be levied for cattle grazing in State Forests throughout the Mysore State during the grazing season, *viz.*, from June to December :—

Ordinary licenses.

Cows, oxen and calves over one year ...	... 4	annas per head.
Buffaloes and buffalo calves over one year	... 8	ditto.
Sheep	... 1½	anna.

Nomad licenses applicable to all State Forests irrespective of number or locality :—

Cows, oxen and calves over one year ...	... 6	annas per head.
Buffaloes and buffalo calves over one year	... 12	annas per head.
Sheep	... 2	annas.

N. B.—Goats will not be admitted into State Forests.
No fee will be levied on calves under one year.

Docket No. 389, dated the 25th January 1902, from the District Forest Officer of Mysore, submitting, with reference to para 3 of Government Proceedings No. 64-5—444-5, dated the 2nd August 1901, a statement showing the ways and water-supplies in the State Forests of the Heggaddevankote Range.

Name of Forest.	Description of way etc.
(1) Kankankote ...	A cart-track from Kakankote bungalow to Kakankote kadu on the Kabani river, 5 yards wide and about 2 furlongs long, open for people, cattle and carts. It enters the forest about the middle of 3rd furlong 136 mile, Mysore-Manantody road and runs eastward to the river where water is available.
(2) Metikuppe ...	A cart-track from Metikuppe village to Viranhosahalli, Mavkal on the Coorg boundary, 4 yards wide and about 4 miles long, open for people, carts and cattle. It enters the State Forest about two furlongs north of Netkalgudi and runs north-west to Murkal, the trijunction of Metikuppe Forest of Heggaddevankote Taluk, Viranhosahalli of Hunsur Taluk and Coorg Forests.

Name of Forest.	Description of way etc.
(3) Metikuppe ...	A cart-track from Sunkadakatte Forest rest-house (through Metikuppe State Forest) to Sunkada kadu on the Nugurhole river, 4 yards wide and about 3½ furlongs long, open for people, cattle and carts. It enters the State Forest behind Sunkadakatte Forest rest-house and runs northward to Sunkadakatte kadu where water is available.
(4) Begur ...	A cart-track from Malali to Bunkavadi, 4 yards wide and about 3 furlongs long, open for people, carts and bullocks. It enters the forest about a furlong west of where the demarcation line joins the Wadalihalla and runs in a southerly direction to Palada kadu.
(5) Ainur Marigudi Forest.	A foot-path from Kurnagal to Malabar, 2 yards wide and about 8½ miles long, open for pack bullocks and men only. It enters the State Forest near Gantemarigudi and leaves it at Mavinahalla thittu in the Malabar boundary. A branch path from Moliyur village about two yards wide meets this main path. The latter enters the State Forest near Kommargudde, and after running for about 3½ miles in a southerly direction joins the above Mavinhalla path at Basavanbatti on the old demarcation line. This is open for people and pack bullocks only.

No. 645-52—3381-8, DATED BANGALORE, 27TH MARCH 1902.

ORDER THEREON.—Approved.

2. In future a sketch of the forests concerned and of the ways and water-courses proposed to be allowed in them for the use of the public should invariably be submitted for the perusal of Government.

1. Letter No. 1167, dated 28th January 1901, from the Deputy Commissioner, Bangalore District, submitting for sanction an estimate for, Rs. 165 and a completion bill for Rs. 163-6-8, on account of the repairs executed to the temples of Dodbasavanna and Ganesa in the Basavangudi extension of the Bangalore City.

2. Government Proceedings Nos. 916 and 1125, dated 16th February and 4th May 1901, respectively, declining to sanction the bill for want of funds at the credit of the institutions concerned; and also observing that the works in question should not have been carried out without the previous sanction of Government, and

3. Correspondence ending with letter No. 321, dated 9th September 1901, from the Deputy Commissioner, reporting that the repairs in question were executed by the Amildar under the personal orders of the then Deputy Commissioner and the late Plague Commissioner, on account of the expected visit of Their Highnesses the Maharani-Regent and the Maharaja, in the month of August 1900, and that, as the works had to be carried out urgently, they were executed in anticipation of funds being allotted therefor by Government in due course.

No. 1388 97, DATED BANGALORE, 12TH MARCH 1902.

ORDER THEREON.—The amount is, as a special case, sanctioned and the completion bill countersigned and forwarded to the Comptroller for audit and return to the Deputy Commissioner for payment, the charge being met from the State Grant of Rs. 15,000 sanctioned for the year 1901-02.

2. The Government think it necessary to clearly point out that the procedure of all the officers, who were parties to this expenditure without proper sanction, was highly irregular and involved the enforcement of personal responsibility. It is hoped that such irregularities will not be repeated. Proper and formal sanction should in future be previously obtained in all such cases.

Sreemukha No. 657, dated 6th January 1902, from His Holiness the Swami of the Sirur Matt, applying for payment of the arrears of the tasdik amount of Rs. 3,410-12-0 due to the Sri Krishnadevaru temple at Udupi, South Canara District, for the six months from January to June 1899.

AND—

The following letter No. 248—211, dated 10th September 1901, from the Deputy Commissioner, Shimoga District, reporting on the above :—

"It appears from the records connected with the case that out of the tasdik amount due to Krishnadevaru temple at Udupi from January to June 1899, *viz.*, Rs. 3,410-12-0, Rs. 2,270-2-11 was drawn and credited in the Taluk Treasury under the head "Muzrai Surplus Funds" in June 1899, to the credit of that temple as will be seen from the certificate endorsed thereon by the District Treasury Officer under an objection from the Comptroller, to the effect that it should be paid to the Guru on proper accounts being rendered by the Guru.

2. It also appears that the monthly allowance due to the temple prior to 1897-98, *viz.*, Rs. 1,140-9-1, which was drawn and disbursed to the temple during the year 1898-99, was objected to by the Comptroller on the ground that it was paid after the close of the year. The Amildar in order to give effect to the Comptroller's objection, recovered the amount by a short-drawal out of the amount due to the temple for the months from January to June 1899, referred to above.

3. In the meantime, the Amildar of Tirthahalli asked for my instructions in November 1899 as to the payment of the amount of arrears due to the temple and the District Treasury Officer was requested to forward the objection statement of the Comptroller which was said to have been received on the subject.

4. The objection statement having been returned to the Comptroller, that officer was addressed both by the District Treasury Officer and also by myself for the transmission of the objection statement. But no reply has been received as yet. The disbursement of the tasdik amount has therefore been delayed.

5. I beg to forward herewith two bills in original received from the Amildar of Tirthahalli, amounting in all to Rs. 3,410-12-0, being the arrears of tasdik amount due to the temple in question, for the sanction of Government and transmission to the Comptroller for audit."

ALSO—

Correspondence ending with the following letter No. 5604, dated 25th February 1902, from the Comptroller to the Government of Mysore, explaining the circumstances under which the amount due to the temple remained undisbursed :—

"Has the honor to forward copy of docket No. 1510, dated 13th instant from the Deputy Commissioner, Shimoga, with the bills, from which it will be seen that out of the amount due to Udupi Krishnadevaru temple, a sum of Rs. 2,270-2-11 was drawn and credited by the Amildar of Tirthahalli Taluk in June 1899 to the head "Muzrai Surplus Funds." The difference is stated to have been refunded by short-drawal but there is nothing in the voucher submitted with the list of payments to show that this was done. Neither had this office raised any objection regarding the payment in question.

In the audit objection slip No. 41, dated 31st October 1898, referred to by the Deputy Commissioner, this office only called for Payee's Receipt for all items of Rs. 100 and above, charged in the Tirthahalli Taluk Muzrai Bill, for July 1898, in which allowances for May and June 1898 on account of the Sirur Matt had been drawn.

The balance available for 1897-98 for the Tirthahalli Taluk, as per books of this office, on account of Muzrai grant is Rs. 1,130-7-7 while the Deputy Commissioner claims Rs. 1,140-9-1 and no amount remains undrawn for the year 1898-99.

The Deputy Commissioner will be asked to explain the claim of excess amount of Rs. 10-1-6 for 1897-98.

No. 1414-23—Muz. F. 7-97, DATED BANGALORE, 13TH MARCH 1902.

ORDER THEREON.—From the correspondence read above, the Government observe that for one technical reason or another, the Swami of the Sirur Matt who conducted the puja etc., services in the Sri Krishnadevaru temple at Udupi, has been kept out of the tasdik amount properly due to him for the six months from January to June 1899. The Muzrai Institutions should not be kept out of their dues for vague reasons in this manner. Formal action must no doubt be taken to enforce any order or obtain necessary information, but such indefinite postponements and delays as have occurred in the present case will affect the performance of services for which the endowments have been chiefly made.

2. The two bills received with the Deputy Commissioner's letter read above amount to Rs. 3,410-12-0. Deducting the sum of Rs. 10-1-6 which is being objected to, and regarding which enquiry has been made by the Comptroller, the amount of the two bills is reduced to Rs. 3,400-10-6. The bills as thus reduced are sanctioned and forwarded to the Comptroller for audit and return to the Deputy Commissioner for immediate payment.

3. The result of the enquiry in regard to the sum of Rs. 10-1-6 referred to in the preceding paragraph should be reported for the information and orders of Government.

Government Proceedings No. 920-1—Muz. F. 33-96, dated 8th February 1897, directing the assumption by Government in the Muzrai Department, of the entire management of the temple of the Sri Kasi Visveswaraswami and of its endowments in the Seringapatam Taluk.

AND,

Correspondence ending with letter No. 211, dated 3rd January 1902, from the Deputy Commissioner, Mysore District, requesting sanction to defend at the expense of Government, the suit brought by one Venkatagiri Gosayi, against Bettegauda, one of the tenants of the Inam lands belonging to the institution, and stating that it has been posted for hearing on the 20th instant.

No. 1426-34—Muz. F. 33-96, dated Bangalore, 14th March 1902.

ORDER THEREON.—The temple of Sri Kasi Visveswara at Ganjam is a Muzrai Institution endowed with the marginally noted Inam lands in Kirangur village, Seringapatam Taluk. The affairs of the institution were being managed by a line of Gosayi ascetics, the last of whom was one Dhanaraja Bharati. He died in 1895, appointing while alive, one Venkatagiri Gosayi as his agent for the management of the temple lands.

2. The Deputy Commissioner having reported to Government that the affairs of the temple were in the most unsatisfactory state and that the building had fallen into disrepair, the Government in their Proceedings No. 920-1, dated 8th February 1897 read above, directed the assumption of the management of the temple and its Inam lands, and the Deputy Commissioner was requested to take charge of the lands forthwith and to place them under the management of the Taluk Amildar.

3. On receipt of the Government Order, the Amildar of the Seringapatam Taluk assumed the management of the temple and its endowments in April 1897 and obtained a mutchalika from Venkatagiri Gosayi binding him to produce the produce of the Inam lands for 1896-97. What action was taken to recover the produce of that year (1896-97) is not understood.

4. Separate mutchalikas were similarly obtained from Bettegauda and Hanumegauda, the two raiyats who were then cultivating the temple lands, binding them to pay to the Amildar on behalf of the temple, an annual gutta of 130 kandis of paddy, 130 seers of other grains, and 130 bundles of straw with effect from the year Hevilambi (1897-98). But it is observed that after the execution of the mutchalikas, the Amildar left the produce of the Inam lands with Bettegauda (one of the tenants) who unauthorizedly sold away a portion of the produce to his own advantage and when questioned on the point he deposed before the Amildar that he would pay the value of 260 kandis of paddy thus sold at Rs. 5 per kandi, within a month's time and that in default, his property might be proceeded against. Whether the rate agreed to by the raiyat, *viz.*, at Rs. 5 per kandi was reasonable and why immediate steps were not taken by the Amildar or the Deputy Amildar to recover the value of the produce in accordance with the terms of the mutchalikas, have not been explained by the Deputy Commissioner.

5. The negligence on the part of the Amildar or the Deputy Amildar in having left the produce of the lands for the years Hevilambi, Vilambi and Vikari, in the possession of the tenants gave room to the creditors of Venkatagiri Gosayi to have the produce attached in satisfaction of a decree obtained by them against Venkatagiri Gosayi. But, however, the raiyat Bettegauda cannot on this account shirk his responsibility to make good the amount to Government in accordance with his own mutchalikas.

6. The Deputy Commissioner in his letter read above states that Venkatagiri Gosayi has now filed a suit in the Mysore Sub-Judge's Court against Bettegauda for the recovery of certain produce of the Inam lands attached to the temple and that on the written statement of the latter, the Sub-Judge has made him (the Deputy Commissioner) a party to the suit; and he therefore solicits sanction to defend the suit at Government cost. He further states that Bettegauda has been assured that Government would oppose the plaintiff Venkatagiri Gosayi's claim and see that he (Bettegauda) is not made to pay rents twice over.

7. Government regret that although the temple and its lands were taken over by Government so far back as 1897, not even a single year's rent has been collected by the Revenue authorities. The negligent officers, of whom there seem to be more than one, should be made personally liable for the lax manner in which they have proceeded in this matter. Explanations of the officers concerned should be obtained and submitted for orders of Government. They have neither recovered the possession of the land, nor collected the produce or its value for three years. If the Deputy Commissioner gave the assurance to Bettegauda that he will be supported, Bettegauda does not seem to have given over any advantage to Government or rather to the Deputy Commissioner for which he can claim to be re-imbursed in the shape of this promised support. He sold away the produce and has not paid a single pie. There seems to be no reason why under these circumstances the Government should volunteer to defend this suit. The Sub-Judge's order to make the Deputy Commissioner a party seems to have been based upon an expressed intention of the Deputy Commissioner to be so dealt with. On the whole, the Government are not prepared to authorize the defence of this suit at Government cost. The local officers whose names should be reported will be held responsible for all the money due on this account which they must collect from the lessees, whose leases they accepted. They must now evict the lessees from the possession of the land and take the land into the possession of Government and deal with it in due course.

8. The Deputy Commissioner is requested to report immediately the action taken by him on all the points noted above.

(1) Letter No. 1443, dated 7th May 1900, from the Deputy Commissioner, Kadur District, soliciting sanction to the institution of a Civil suit for the recovery of a loan of Rs. 200, granted to one Subrahmanya Bhatta in July 1897 by C. Narasinga Rao, then Amildar of Mudgere, out of the contributions levied for the repairs of the Sri Rameswara temple at Devavrinda and deposited in the Government Savings Bank, the said Subrahmanya Bhatta having failed to repay the loan though called upon to do so.

(2) Letter No. 1444, dated 7th May 1900, from the same Officer requesting sanction to the institution of a Civil suit for the recovery of the loan of Rs. 500, granted by the same Amildar in August 1897, to one Nanjundaiya, a coffee planter, out of the contributions levied for the repairs of the Sri Kallanatheswaraswami temple at Phalguni, Mudgere Taluk, the said Nanjundaiya having failed to repay the loan though called upon to do so.

(3) Government Proceedings No. 482-3, dated 27th October 1900, requesting the Deputy Commissioner to obtain the explanation of Amildar C. Narasinga Rao, in the matter of his having granted the two loans in question out of temple funds without authority, and observing in regard to the amounts due by the two individuals named above, that before proceeding to institute suits for the recovery thereof, they might be given an opportunity to renew their respective documents on adequate and proper security after paying up the interest that might have accrued till then.

(4) Letters Nos. 200 and 817, dated 30th July and 30th November 1901, respectively, from the Deputy Commissioner, Kadur District, submitting the explanation of Amildar C. Narasinga Rao (since transferred to the Hiriyur Taluk, Chitaldrug District), and reporting the further action taken by him in regard to the debts in question.

Government Proceedings No. C. 35-6, dated 15th March 1895, observing that the investment of Temple and Chattram Funds in loans to private individuals is not at all desirable.

No. 1494—1502, DATED BANGALORE, 27TH MARCH 1902.

ORDER THEREON.—The Government are glad to see that the repayment of both the debts Rs. 200 and Rs. 500 respectively, has been duly arranged for. In the case of the debt due by Subrahmanya Bhatta to the Sri Rameswaraswami temple at Devavrinda, one-half of the principal has been paid up together with interest, and

time is asked for repayment of the balance *viz.*, Rs. 100. As recommended by the Deputy Commissioner, further time is allowed for the repayment, but the Deputy Commissioner is requested to see that the balance is repaid within a reasonable time, say one year from date of last payment, so that the transaction may be finally closed at an early date.

2. In the other case, the debtor Nanjundaiya has executed a fresh document on landed security, promising to repay the loan *viz.*, Rs. 500, in seven instalments. The Deputy Commissioner is requested to see that the instalments are duly paid up on the dates fixed.

3. The Government observe that the explanation submitted by the Amildar C. Narasinga Rao (now in the Belur Taluk) in the matter of granting the loans in question out of temple funds, is not very satisfactory, especially seeing that he acted without authority and in contravention of the Government Order of the 15th March 1895, read above. He says that he himself ordered the collection of the promised contributions from the devotees of the two institutions in question, that the Vahivatdars thereof collected them, that they *probably* asked him (the Amildar) for permission to lend the moneys to private parties as the interest allowed by the Savings Bank, was very low, and that he *probably* granted the permission asked for. He says further, that if the moneys had been credited to Muzrai Funds, he would not have permitted the loan of the amounts to private parties in contravention of existing orders.

4. It was the duty of the Amildar, as soon as he heard of the collection of contributions, to have at once placed the amount either in the Treasury or in the Savings Bank to the credit of the temple. Amildar C. Narasinga Rao should be censured for his action.

5. Government take this opportunity of repeating for the information and guidance of all District and Taluk Officers, the observation made in the Government Proceedings of the 15th March 1895, above referred to, that "the investment of Temple and Chattram Funds in loans to private individuals is not at all desirable."
